

VALIDITY RULING
MAY SET SENATE
COURT FOR TASK

Legality of October Call
Election May Be Next
Step in Turmoil

TRIAL ON NOVEMBER 8

Arguments on Appeal From
Chambers Restraining
Order On

(By the Associated Press)

OKLAHOMA CITY, Nov. 3.—A possibility was seen in political circles that the senate court of impeachment will pass on the legality of the October 2 special election before a decision is rendered by the state supreme court on the appeal from a district court holding the election invalid and granting to Governor J. C. Walton application to restrain the election board from certifying the returns.

To establish Governor Walton's guilt or innocence of the charge of attempting to prevent the election, one of the charges on which he is being tried or misconduct in office, observers say the senate court must first determine whether the election was held in accordance with law. Thus, it was pointed out, the case in all likelihood will be decided first, for it is considered certain that the impeachment trial will reach a decision before November 26 the date set by the supreme court for final argument on the appeal.

No prediction was ventured as to what effect the senate's ruling would have on the supreme court's decision in such event.

OKLAHOMA CITY, Nov. 3.—Defeated in his latest maneuver against impeachment action instituted by the lower house, Gov. J. C. Walton must go to trial November 8 on the 22 charges of official misconduct contained in the bill against him.

This was ordered by the senate court of impeachment which overruled the executive's demurrer to 12 articles on the impeachment bill at the close of the second day of the hearing last night, November 7 was set as the date for the governor to enter his formal plea and the day following the actual trial will begin with the introduction of testimony.

This action came after a lengthy argument by defendant's counsel in support of their demurrer to the charges on the ground that they either did not constitute impeachable offenses or based upon insufficient evidence. Originally the governor's attorneys had demurred to 14 of the impeachment articles but at the last this number was cut to 12 during yesterday's proceedings.

OKLAHOMA CITY, Nov. 3.—Arguments on the appeal from District Judge Tom Chambers, Sr.'s decision permanently restraining the state election board from certifying the result of the special election of October 2, filed in the state supreme court yesterday, were heard in the supreme court conference today.

The case was advanced and set for oral hearing November 26. Gov. J. C. Walton's attorneys asked for five days in which to plead their case and this was granted.

Stresemann Takes
Stringent Measure
To Protect Currency

(By the Associated Press)

BERLIN, Nov. 3.—New York's appraisal of the mark on a basis of one and two-third trillion to the dollar moved Chancellor Stresemann to convene a midnight session of the hump cabinet where measures were discussed and action taken to forestall a similar collapse of the in Berlin.

The government now will permit payments to be made in foreign currency although it is prohibited to specify gold as the sole medium of payment. The paper mark will still rank as the official currency and its acceptance is made obligatory.

The government also decreed that foreign currency must remain on the basis of official rates specified by the reichbank. The reichbank fixed today the dollar at 420,000-000,000 marks.

Denver Banker Sentenced

(By the Associated Press)

DENVER, Nov. 3.—Carl E. Smith, Denver banker and prominent business man, on October 20 last was sentenced to serve from four to 10 years in the state penitentiary when he entered a plea of guilty to a charge of obtaining money under false pretenses and fraudulently selling lands twice, it was announced today by Philip S. van Cise, district attorney.

The Crusaders brought perfume back to Europe.

Leviathan British
Passengers May Be
Deported by Order

(By the Associated Press)

WASHINGTON, Nov. 3.—On the arrival of the Leviathan with 1,355 British passengers it was learned that these probably cannot be admitted to the United States and may have to be deported as it appears that the British quota has already been filled. The shipping board was notified of the fact by Commissioner General of Immigration Husbands.

Authorities at Ellis Island will be notified of the situation, but the immigrants will be allowed to land and undergo an examination pending a final decision as to their admissibility which cannot be rendered until reports from all immigrant stations have been assembled. The first examination of figures today, however, Mr. Husbands said indicated that the British quota which is slightly over 77,000 was practically exhausted.

NEGRO LYNCHED
BY MASKED MOB

Alleged Assailant of White
Woman Suffers Hanging
By Avengers

(By the Associated Press)

MUSKOGEE, Nov. 2.—Dallas Sowell, charged with an attack on a white woman, and recently returned to the McIntosh county jail after a break for liberty across Oklahoma into Texas was lynched by a band of 11 masked men at Euflaula, county seat of McIntosh county at 2 o'clock this morning.

The band of lynchers appeared suddenly at the jail, overpowered two deputies, Tom Ayers and Bill Carr, took their keys and made away with the prisoner. Telephone wires leading from the jail previously had been cut.

Following in the direction taken by the band Ayers and Carr and other officers found Sowell's body hanging in a barn on the outskirts of the town. The lynchers had dispersed.

Sowell, described variously as a Mexican and a half-breed negro, was alleged to have attacked the woman six weeks ago in her home in McIntosh county. He was caught by Sheriff Moore who brought him to Muskogee for safe keeping.

Three weeks ago upon being returned to Euflaula for preliminary examination Sowell escaped from Sheriff Moore and fled into the Canadian bottom. He continued westward, stealing motor cars at Okemah and Hobart, finally being caught in the Texas panhandle.

Upon his return he was again placed in the county jail from which he was taken this morning.

PREACHER AND SON HELD
FOR KIDNAPING GIRL

(By the Associated Press)

FORT SMITH, Ark., Nov. 3.—A minister named Corey and his son were arrested late today by Sheriff Allen of Scott county on a warrant charging them with kidnaping little Pearl Turner, three-year-old daughter of Lem Turner, a mountaineer, who has been missing for more than two weeks.

The warrants were sworn out by Chalmers Ferguson, a hermit, who claimed to have seen the child in the custody of the minister and his son.

TWENTY-SIX EMPLOYEES CUT
FROM HEALTH DEPARTMENT

(By the Associated Press)

OKLAHOMA CITY, Nov. 3.—Twenty-six employees were dropped from the state payroll in the state health department today in conformity to the program instituted by Acting Governor M. E. Trapp to eliminate all jobs not provided by the acting governor's office. The reduction in personnel was made by Dr. A. E. Davenport, state health commissioner, and will be effective as of November 1, the announcement said.

TWO DRUNKS SWELL
POLICE COURT ACTIVITY

Two drunks broke the ice of a listless week in Ada without crime and staggered to the city bar of justice for the allotted sentence and received fines as the official wrath of Mayor Fisher.

The two arrests for drunkenness were the first on the city blotter for the week.

Rain Interferes with Races

(By the Associated Press)

LATONIA RACE TRACK, Latonia, Ky., Nov. 3.—Three hours before Zev and My Own were scheduled to go to the post in the \$50,000 championship stakes today, today, a drizzling rain began falling from overcast skies with a prospect that it would continue all afternoon.

Vancouver, B. C., is rapidly becoming an important wheat exporting port.

Clark-Gilbert Well Flowing

Pontotoc county's big oil well is

now a reality, according to reports from the Clark & Gilbert well near Vanoss. The well in section 28-3-4 on the Floyd farm is said to be good for around 1,000 barrels.

O. P. Gilbert of the firm stated Saturday night that the well had been flowing through 10-inch casing and apparently there is no drop in the production. Bailing Thursday night and Friday failed to lower the amount of oil in the hole in the least, even though the bailer was taking out a barrel a

minute part of the time.

The sand was reached at 866 feet and was drilled into only a short distance. Oil rose in the hole immediately and continued to fill. Friday night it rose to the top and began a steady flow which had continued until Saturday night.

Estimates on the well before it started to flow placed the production at 600 barrels. Since it began flowing this estimate has been increased.

While the oil is low gravity, it is thought it has ingredients which will cause a ready demand. Oil

men not connected with the well in any way say the owners will have no difficulty disposing of the oil at good prices, especially if it should prove to be a lubricating oil.

This is believed to be one of the big wells this county has been looking for for a long time. The shallow depth will make drilling cheap. The strike will likely, oil men point out cause scores of wells to go down in that vicinity.

Clark and Gilbert are two young men just out of the universities and this is their first venture into the game in Pontotoc county.

Kansas City Bank
Closes Doors in
Force of Business

KANSAS CITY, Mo., Nov. 3.—The Live Stock State Bank of Kansas City with resources of approximately \$1,500,000 according to its last statement, voluntarily closed its doors today pending an investigation of its solvency.

The bank has been under the close supervision of the clearing house for several months and the stockholders paid an assessment of \$100,000 several months ago. The business of the bank has been largely in live stock loans. Slowness of the cattle paper is the chief cause of the bank's embarrassment, L. A. Miller, state bank commissioner, who is in charge said.

IN MEMORIAM IS
VICTOR OVER ZEV
IN LATONIA RACE

Kentucky Owned and Bred is
Easy Winner Over
Sinclair's Zev.

SINCLAIR LOST HEAVY

My Own Trails at Third in
Feature Race on
Latonia Track

(By the Associated Press)

LATONIA RACE TRACK, Nov. 3.—A Kentucky bred and owned horse with a Kentuckian in the saddle caused the greatest surprise that climaxed the turf events in years when In Memoriam defeated Zev and his greatest American rival, My Own in the \$50,000 Latonia championship stake before a crowd of 45,000 spectators who braved the cold, drizzling rain to witness the startling upset.

The victory by the son of McGee-Enchantress, owned by Carl Weidemann, of Newport, Kentucky, was convincing. Sprinting to the track In Memoriam defeated Zev, the conqueror of Papyrus, by at least six lengths.

Back of the flying heels of Zev came Rear Admiral Grayson's My Own, trailing by eight lengths. Rivalo, fourth starter in the race, was distanced in the stretch and dropped out without even trying to catch the flying leaders.

The race which was 1 3/4 miles in length, was run in three minutes and four-fifths seconds, 5 1/2 more than the American record for that distance established by Rodminster in the same race a year ago. By strange coincidence Jockey Mack Garner, pride of Kentucky, who rode In Memoriam to riding Rodminster when that 3-year-old established the record.

The triumph of In Memoriam came as a stunning surprise. If a Kentucky horseman had been asked yesterday what he thought of In Memoriam's chances the reply probably would have been: "In Memoriam has not much chance, but he may spring something."

H. F. Sinclair, owner of Zev, showed his confidence in his horse by putting \$63,000 on him through the pari-mutuel machines before the races. Sinclair first wagered \$30,000, then he dumped \$20,000 more. In the hour before the race started he wagered an additional \$9,000 and finally \$4,000 more on Zev's chances to win. This sum was wagered on the track this afternoon and was in addition to what he wagered before leaving the east.

Women Battle On
for Club Room

A battle of words is in progress at the new convention hall, according to Charlie Deaver, city finance commissioner.

Women's clubs of the city have not definitely decided on the apportioned use of the women clubs rooms on the main floor of the new structure.

Various clubs have sought advice from Deaver during the past few days over who shall meet in the designated club room and when.

Deaver recently asked delegates from the various women's clubs of the city to settle the matter to the best advantage of all clubs.

Word has been received by Commissioner Deaver that clubs are preparing an armistice and a scheduled program of dates of club meetings will be worked out.

The impression was at one time erroneously construed that one of the women's clubs of the city would have use of the room. All women's clubs of the city use the special haven of feminine gatherings.

WASHINGTON, Nov. 3.—Robert J. Daley of Chicago today was elected president and Andrew J. O'Reilly of St. Louis secretary of the Masonic Relief Association of the United States and Canada.

Orders Arrest of
Men in Court for
Charge of Perjury

NEW YORK, Nov. 3.—Supreme

Court Justice Cohan today caused the arrest in his court room on charges of bribery and perjury of Morris Markin, former president of the Checker Cab Manufacturing Corporation, and Emil R. Carlson, both of Chicago and both appearing in the course of the trial of a suit brought by the Yellow Cab Manufacturing Co. against the Checker concern.

Three Chicago chauffeurs were also arrested in charges of perjury. Markin and Carlson were released under \$10,000 bonds and each of the chauffeurs under \$5,000 bail.

The arrests were made as the result of affidavits made and testimony taken before Justice Cohan during trial of a suit to restrain the Checker concern from using a Checker design on the borders of cars and in the seals appearing on the Checker cabs.

WALTON DEFENDS
CLEMENCY DEEDS
WITH COMPARISON

Declares Other Governors
Put Pardon and Parole
System in Use

SAYS SOLONS ASK USE

Refers to Lincoln and Woodrow Wilson as Users
of Clemency

(By the Associated Press)

OKLAHOMA CITY, Nov. 3.—Defending himself against frequent repeated charges of having granted pardons and paroles in excessive numbers, Gov. J. C. Walton in a statement issued tonight admitted that "I have no doubt made mistakes in extending executive clemency," but asserted "the facts are that about 90 percent of the cases were done upon recommendation of the trail judge or county attorney."

The governor said that a comparison of his record with that of other Oklahoma governors would show "there has been but little difference between the number of pardons and paroles issued by former governors of this state and the number issued by your present governor. There are now in the files of the pardon and parole clerk letters from many members of the house of representatives recommending clemency," the governor said. "Should a governor not have a right to rely and act upon the recommendation of a member of the legislature who resides among the people and in the vicinity wherein the crime is committed?"

The executive declared that both W. E. Disney, chairman of the house board of managers, and James R. Tolbert, vice-chairman, had requested clemency.

"Of course they would not claim that I should be impeached for granting pardons and paroles which they recommended, but with granting clemency in cases the other fellow recommended," the statement asserted.

Intimates Legislator Gets Fee
The governor said he had granted a pardon upon recommendation of a member of the legislature and that he was later informed that the legislator "was interested in securing the pardon to the extent of a handsome fee." These recommendations have not been confined alone to house members but there were many from state senators," Governor Walton declared.

The executive declared he was not "reciting these facts in a spirit of criticism," that he believed all who recommended clemency were acting "in perfectly good faith."

"They themselves may have made mistakes," the governor said. "The question is whether there is ground for impeachment or in other words, if it is permissible for a governor to grant executive clemency when relying on such recommendations and if there is not also ground for the impeachment of the legislator, trial judge or county attorney making the recommendation."

The statement declared that the influence of the Ku Klux Klan over trial juries had caused the governor to be "lenient in a few instances where otherwise clemency would have been denied."

"It is as much the duty of the governor to the state to see that the laws are not enforced with uneven hand and even eye as that convictions when properly secured shall be sustained," the executive asserted.

Governor Walton declared that "Two of the greatest presidents this country has ever had, Abraham Lincoln and Woodrow Wilson, made records of having granted more orders of clemency than any other presidents. I only wish I could be in their class in other respects."

MONTANA OFFICIAL ON WAY
TO ACCIDENT RECOVERY

(By the Associated Press)

POCATELLO, Idaho, Nov. 3.—Nelson Story, lieutenant governor of Montana, who was seriously injured in an automobile accident near McCammon, Idaho, late yesterday in which his wife was killed, has improved to such an extent in the McCammon hospital that he will be brought to Pocatello some time today for an X-ray examination. Dr. J. M. Wastie of McCammon, physician in charge, said Mr. Story spent a restless night and awoke this morning fully conscious for the first time since the accident.

Law's Body Cremated

LONDON, Nov. 3.—The body of Andrew Bonar Law, who died Thursday, was cremated at Golders Green this afternoon. Only those closely connected with the family were present for the service at the crematorium. After the cremation the ashes were placed in an urn for burial in Westminster Abbey next Monday.

POLICE ON ALERT
FOR IRISH RIOTERS

Former Demonstration Anti-Lloyd-George Demands
Stringent Action.

(By the Associated Press)

NEW YORK, Nov. 3.—Police today prepared for another skirmish with Irish republican sympathizers after two demonstrations against David Lloyd-George since he landed on American soil more than a month ago.

Heavy details of police were under orders to escort him from the Waldorf-Astoria hotel to the pier of the Majestic on which he sails for England.

Irish republicans attempted their first demonstration the moment Mr. Lloyd-George had landed at the battery and the efforts of a score of women to flaunt banners in his face during his official welcome at the city hall were frustrated by police who broke up the parade before the little Welshman reached the hall.

Last night mounted men were called into action and nearly a dozen persons were arrested when they attempted to hold a meeting on Broadway in front of the opera house during Mr. Lloyd-George's address and to disturb his rest after he had reached his hotel.

An Irish band was assembled with placards denouncing the ex-statesman as a "murderer" and mounted on high was a picture of Eamon de Valera. The demonstrators raised their voices in songs and cheers which they hoped would penetrate the hall and disturb those within but they were unaware of the disturbance outside.

Mounted police sidled their horses into the shouting throngs and drove hundreds a block to the east, arresting the stubborn ones who refused to cease their demonstrations.

A heavy detail of police escorted Mr. Lloyd-George to his hotel on the completion of his address and a cordon of police was placed about the place.

The only unauthorized voice raised in the hall came at the close of the Welshman's address when a man on a front seat shouted: "Three cheers for Lloyd-George father of the Irish Free State."

BAVARIAN GOVERNMENT NOW
WANTS NEW DICTATORSHIP

(By the Associated Press)

PARIS, Nov. 3.—A Havas dispatch from Berlin says it is learned authoritatively that the Bavarian government has sent an ultimatum to Chancellor Stresemann demanding the establishment of a nationalist dictatorship, modeled after the Bavarian pattern. The Bavarian government, the dispatch adds, intends moving forward troops to the Bavarian frontier and march on Berlin unless such dictatorship is established with the briefest delay.

FOUR MEN HELD FOR
ROBBERY LAST MONTH

(By the Associated Press)

LOS ANIMAS, Colo., Nov. 3.—Four men were arrested today by Sheriff Richard Thornton and are being held pending word from California authorities who are seeking the men who held up a Southern Pacific passenger train near the California-Oregon border October 11.

Bandit Is Killed

(By the Associated Press)

MARSHALL, Tex., Nov. 3.—One of three bandits who robbed a filling station and store near Greenwood, Louisiana, last night was killed by officers near Jonesville, 16 miles east of here when he resisted arrest.

No Trace of Bandits

OTTAWA, Kans., Nov. 3.—No trace of the quartet of bandits who robbed the First National bank here yesterday of \$125,000 in cash, bonds and securities had been found today by county and city officers.

PLANS COMPLETE
FOR DRIVE HERE

County Chairmen Named for
Red Cross and Charity
Drive

With the appointment of chairmen for the various towns in Pontotoc county, Marshall Harris and Langford Shaw, in charge of the Red Cross and United Charities drive for Pontotoc county reported all plans set for the official opening of the drive November 11, Armistice Day.

Taking the former contributors to the worthy cause as a nucleus for the annual drive this year, no effort will be spared in bringing every corner of the county into assistance in making the organized benevolent institution for Pontotoc county a success.

Records for the past year indicate in a small way the valuable service rendered by the charities association and the personal service of its secretary, Mrs. Orville Sneed but the bulk of the service rendered needed humanity rests with the number of cases where the valuable assistance, morally and financially will never be known. Mrs. Sneed's assistance to girls in need has been one of the crowning features of her work.

The goal of the Red Cross and Charities drive has been set at \$40,000, the amount needed to conduct the institution for the coming year.

Organized committees will canvass the city during the week set aside nationally for the drive, November 11 to 17.

SPECIAL SERVICE HERE
FOR ARMISTICE DATE

In a fitting observance of the fifth anniversary of the signing of the armistice and significant of the closing of the World war, veterans will again assemble to commemorate that trying period in a special mass assembly Sunday night at the Convention hall, according to Byron Sledge, who has charge of arrangements for Armistice Day.

Churches of the city will suspend their regular services next Sunday night and pastors of the city will unite in a union service befitting the occasion.

While the period will be observed from a religious angle, the principal address of the occasion will be a patriotic one and delivered by Robert S. Kerr, a veteran and legislator.

Sledge seeks the co-operation of the public at this important anniversary and asks the citizens of Ada to pause for a short period for the observance of the date.

The program of the union service will be sponsored by the Norman Howard post, American Legion.

PARIS, Nov. 3.—Premier Poincare affirmed his reservations limiting the scope of the proposed reparations conference in a note handed Lord Crewe, the British ambassador, this afternoon regarding the extent of the invitation to the United States to participate.

Jayhawks Pounce Down On Sooners For Victory After Overcoming Lead

(By the Associated Press)

NORMAN, Okla., Nov. 3.—Overcoming a three-point lead in the second period, Kansas Jayhawks today turned mud hens and waded their way to a 7 to 3 victory over the Oklahoma Sooners in the Missouri Valley conference game here. Opening with a smashing attack on the Kansas line the Sooners advanced down the field. Hammett, the Oklahoma captain led the advance with constant gains. The Sooner assault continued into the second period when Bowles, was substituted for Wilcox at right guard put the ball through the uprights from the 45-yard line for Oklahoma's only score. The ball had been carried past the Kansas 10-yard line three times before Bowles succeeded in kicking. Each time it seemed that the Oklahoma Sooners were bound for a touchdown but the Hawkers defense could not be moved.

Kansas came back suddenly in the third quarter and with the ball on the 50-yard line Smith, of Kansas smashed the center of the line for 17 yards and with two more plays, Black, captain of the Kansas squad went around right end for 30 yards and went over for a touchdown.

The final period was hard fought with the ball most of the time near the center of the field.

The game was played before a large homecoming crowd who braved a drizzling rain.

Oklahoma punts to her own 37 yard line. Kansas fails to return. Kansas fails to make downs and punts over Oklahoma goal line and ball is brought back to Oklahoma's 20-yard line. On first down Hammett goes through line for three yards. Kansas is penalized 5 yards. Ball on Oklahoma's 25 yard line. Hammett makes 6 yards over right guard. On second down Bristow makes 1 yard through line. On third down Hendricks makes 1 yard. On fourth down Bristow punts to Kansas 46 yard line. Black for Kansas makes one yard. On second down Hendricks throw Kansas quarterback back for a loss of three yards. On third down Kansas punts to Oklahoma's 15 yard line and Johnson returns 1 yard. On first down Hammett gained 2 yards but Kansas is penalized 5 yards for offside. On second down Bristow circled end for 33 yards. On first down Oklahoma went through line for 17 yards. On second down Hammett failed to gain. On next down Hammett went through tackle for 13 yards, placing the ball on Kansas 5 yard line. On first down Hammett gained 2 yards through line. On second down Hendricks failed to gain through right tackle. On third down Hammett circled end but was tackled for a loss of 7 yards. On fourth down a pass Hendricks to Johnson is completed for 5 yards but the ball goes over on their own 5-yard line. On first down Black of Kansas fails to gain. On second down Kansas punts to their own 37-yard line. Bristow returning to 25 yard line. Bristow circles right end for a gain of 1 yard. On second down Hendricks gained 1 yard. The quarter ends with ball on Kansas 23-yard line.

Second Quarter
On third down a pass from Hendricks to Johnson was completed for a gain of 16 yards placing the ball on Kansas 7-yard line. Hendricks went through tackle for 2 yards. On second down Hammett plunges line for 1 yard. On third down Hendricks failed to gain. On fourth down Hammett passes over Johnson and ball went to 20 yard line. On first down Smith punts to Oklahoma 30 yard line, Johnson returns to Kansas 26 yard line. A pass Hendricks to Johnson was completed and Hendricks makes 2 yards. On third down Hendricks circles end failing to gain. On fourth down Hammett passes to Steinberger but the ball is intercepted by Black on Kansas 3 yard line. On first down Black punts to the Kansas 32-yard line. On first down a pass was broken up. On second down Bristow was thrown for a 2 yard loss. On third down a pass Bristow to Johnson was incomplete. On fourth down Bowles makes a perfect place kick for 45 yards. Score, Oklahoma 3-Kansas 0. Kansas kicks to Hendricks, who receives on Oklahoma's 15-yard line returning it to Oklahoma 31. Hammett goes over tackle for a gain of 2 yards. Bristow punts out of bounds on Kansas 36-yard line. On first down Bristow of Oklahoma threw Black for a loss of 1 yard. On second down Kansas carried ball for a gain of 6 yards. On third down Kansas went through line for 5 yards. Wright went through line for 9 yards. On second down Kansas plunges line for 1 yard and first downs. Ball on Oklahoma's 44-yard line. On first down a Kansas back fumbles and recovered for loss of 4 yards. On second down Bert of Kansas makes 3 yards. On third down, a pass was incomplete. On fourth down Black punts to Oklahoma 15 yard line. Hendricks carried the ball out of bounds for no gain. On second down Hammett gained 2 yards through line. On third down Bristow punts to Kansas 40 yard line and Black returned 7 yards. On first down Kansas makes 10 yards around left end. On first down, Kansas went through line for 4 yards. On second down Black went around end for 11 yards, placing the ball on Oklahoma's 18 yard line. Kansas went through line for 3 yards. On second down Kansas gained one-half yard. On third down Black carried ball 11 yard line with yards to go. On fourth down Black hit line for one-half yard. Oklahoma's ball on her own 10-yard line. On first down Oklahoma punts to her own

48-yard line and Black gained 3 yards. On first down a pass from Black was intercepted by Hammett but penalty places ball on 25-yard line. On first down Black gains 5 yards. The half was over with the ball in Kansas possession on the Oklahoma 25-yard line.

Third Quarter
Black of Kansas kicked off to Oklahoma's 10 yard line and Bristow returned to Oklahoma's 33 yard line. On first down Johnson lost 1 yard. Bristow punts to Kansas 25 yard line and Black returned to Kansas 44 yard line. On first down Black on wide right end run gained 4 yards. On second down Smith for Kansas gained 2 yards through line. On third down Kansas gained 1 yard through line. On fourth down Black punts to Oklahoma's 25 yard line and Johnson returns 3 yards. On first down Bristow sprinted right end for a gain of 5 yards. On second down Bristow carries the ball out of bounds for a loss of 2 yards. On third down Bristow punts out of bounds on Kansas 35-yard line. On first down Kansas went through line for a gain of 7 yards. On second down Black went through line for a gain of 2 yard. On third down Kansas went through line for 11 yards and first downs. On first down Kansas gains 1 yard around right end. On second Oklahoma intercepts pass on Oklahoma 33 yard line. On first down Bristow passed incomplete. Bristow fails to gain. Bristow punts to 38 yard line for no gain. On first down Black gains 1 yard around end. On second down Black failed to gain. Kansas punts to Oklahoma's 25-yard line without return. On first down Hendricks hits line for 1 yard. On second down Hammett failed to gain. On third down Bristow punts to Kansas 37 yard line. On first down Black hits line for 9 yards. On second down Kansas makes 2 yards. On first down Kansas failed to gain. On second down Smith failed to gain. A pass gains 17 yards. Ball in Kansas possession on Oklahoma 32-yard line. On first down a pass was placed the ball out of bounds for no gain. On second down Black rushes around end for touchdown. In the try for point Black placed the ball squarely between the goal posts. Score: Kansas 7, Oklahoma 3. On kickoff Johnson receives ball on 33-yard line. On first down a forward pass was incomplete. On second down Hammett circles right end for a gain of 5 yards. On third down the quarter ends.

Fourth Quarter
On third down a pass Bristow to Hendricks was complete and Hendricks followed Johnson's interference to Kansas 17-yard line. On first down, Arbuckle gained 2 yards. On second down Hendricks pass to Johnson was complete for 3 yards. (Slough replaces Johnson at quarter) On third down Hendricks failed to gain through right tackle. On fourth down Hendricks passed to Slough was incomplete. The ball goes to Kansas on her own 13-yard line. On first down a punt by Black was received by Slough on Oklahoma's 35 yard line. Slough returning 1 yard. On punt formation Arbuckle gained 2 yards through line. On second down Slough failed to gain. On third down Bristow pass to Slough was complete and Slough gained 8 yards for first downs. On first down Arbuckle gained 1 yard through the line. On second down Bristow gains 1 yard but Oklahoma is penalized 5 yards. On first down Bristow rounds left end but is thrown for a loss of 1 yard. On second down a pass is incomplete. On third down a delayed pass is completed and Hendricks down for 43 yards out of bounds. He passes safely but trips on one of his own interference. On first down on Kansas 23-yard line Bristow failed to gain through line. On second down Slough hits line for 3 yards. On third down a pass, Bristow to Slough was incomplete. On fourth down a pass was complete and Slough gained 6 yards ut failed to make first down. On first down Black gained 2 yards through line. On second down Black gains 2 yards. On third down Smith punts out of bounds on Oklahoma's 46 yard line. Bristow's pass to Lamb was incomplete. On second down a delayed pass to Arbuckle loses 2 yards. Another pass is incomplete. On fourth down Lamb in attempting to kick failed to touch the ball and it rolls down to Kansas 40 yard line. A Kansas recovering. Black gains 6 yards. On second down Black plunges 5 yards for first down. On first down Black gained 4 yards through line. On second down Smith gains 3 yards around end. On third a delayed pass nets 3 yards. On second down Black loses 1 yard. On third down Black went over tackle for 2 yards. On fourth down Kansas punts out of bounds. Ball on Oklahoma's 24 yard line as game ends.

CONFIDENCE FELT OVER ECONOMIC COUNCIL FORMING
(By the Associated Press)
LONDON, Nov. 2.—Increasing confidence is felt in government circles here over the prospects for the organization of a special reparations committee on which an American economic expert will sit. In the exchange of view which is understood to be taking place between London and Paris respecting the terminology of the collective allied invitation to the United States, Premier Poincare is showing a disposition to soften some of the expressions used in former notes.

MARTIAL LAW IS COSTLY TO STATE

Fifty-nine Days of Iron Fist Rule to Cost State \$60,000

(By the Associated Press)
OKLAHOMA CITY, Okla., Nov. 3.—Martial law, exclusive of Oklahoma county military control last spring, cost the state approximately \$60,000 during the 57 days of duration which began with Tulsa county and ended with lifting statewide martial law, it is learned here from an authoritative source.

During the two months of most active military investigation and troop patrol, the number of soldiers on duty every day averaged 250, a considerably less number than was currently reported, the information stated.

The estimate of \$60,000 expenses include all railroad transportation, bills for which have not yet been rendered by the railways which furnished troop coaches. Moving troops from their home armories to points where martial law was declared in its absolute form required of the military administration, or roughly, \$10,000 it is estimated.

One-fourth of the amount, or about \$15,000, records are expected to show, will be the troop payroll. Owing to the irregularity of assignment of each troop detail, the national guard members were not promised their pay at regular intervals, although an attempt was made to deliver their money every two weeks part of the time, final payments administrative technicalities, it is understood.

It is not customary to pay national guardsmen at the time of their demobilization, guard officers have explained. The number of men to be paid cannot be ascertained in advance with certainty what men are being relieved daily, and approximately two weeks is required for certification of payrolls and securing cash. In Oklahoma final payments of soldiers is also delayed by the present uncertain status of some of the deficiency certificates issued to meet military operation costs. With about \$25,000 required for transportation and payroll expenses it was said that the balance of about \$35,000 was used to meet military court expenses, purchase food and supplies and for miscellaneous needs.

National guardsmen drew \$1 a day for the time they were on duty, and, when their own mess kitchens were not in operation, an additional \$1.50 was allowed for rations. After a mess kitchen was established in Tulsa for some 200 guardsmen said to have been on duty there, food was furnished at law, extending from August 14 to October 10, proved the most extensive troop engagement in Oklahoma since 1919 when six counties were under martial law during the national coal strike.

Scientists estimate that the human body contains a billion times as many microbes as there are people on the face of the earth.

East Central Falls to Slippery Attack From Central Squad of Edmond

Whenthe mists of darkness began settling over the soggy gridiron of Park Field, Friday afternoon, East Central Tigers viewed in semi-darkness her chances for state intercollegiate championship go skidding down the field over her own goal line and battled on to prevent a more complete victory to the invading crew from Edmond than the bare margin in the final score of 6-0.

While sounds of conflict arose over the walls at Park Field through the four quarters of the game, East Central was slipping and sliding in an effort to reach the enemy to stay off the defeat assumed by the invaders in an earlier period.

Playing in a sea of mud, East Central's Tigers fared the worst of their conflict from every angle of an offensive game, the invaders gained more grounds in plunging and sliding through the line, more in slipping around ends for occasional gains and more from the invader route, considered East Central's best threat at their opponents.

The game was sloppy and a near attempt at deliberate conflict on the part of both teams, which sought many delays to brush off the elusive pigskin.

While the Tigers fought with their backs to their own goal line, a large delegation of loyal shivers in the stands or paced the sidelines through mud and water with occasional outbursts of moral assistance to their mud-splattered warriors on the field.

Line Bears Out Battle
Throughout the soggy periods of the conflicts, East Central's dependables on the front rank fought with every ounce of their energy to stay off the attack of the invaders and many times repelled the onrush of heavier backs who plunged toward their goal line.

Down through the lists of immortals of the gridiron, which will stand in the halls of the Alma Mater, the names of Capps, Stegall, Troeger and Kratz will live. These husky linemen more than once during the Friday mud battle defended the goal line against apparent odds. Pott played his best game at fullback, while Kelly and Montgomery shared the honors in the backfield. Fleming, while unable to play but for a short time in the game, showed up well considering the injuries he received in practice on the day previous.

East Central's aerial attack was taken under when the running, passing game used by the Tigers was out of the question with a slippery pigskin.

Brents, who started the game at end and who was conspicuous with his numerous plays, was forced out of the game on account of injuries. Herndon, Williams and Miller showed up in the stellar roles for the invading Edmond team.

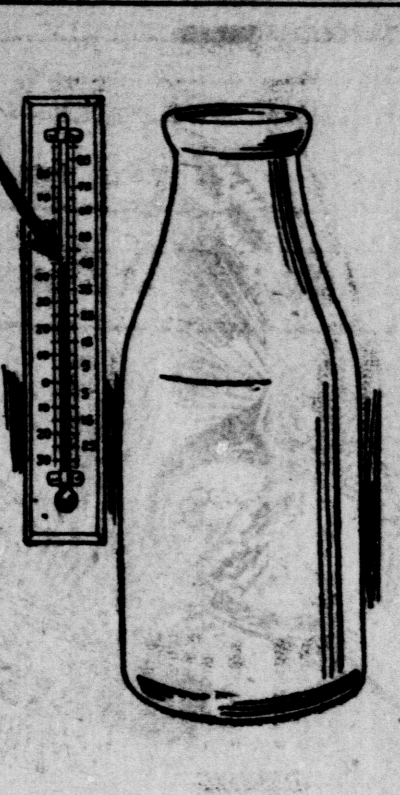

The game play by play.

First Quarter
Henderson for Edmond kicked off 55 yards to Brents, who returned 12 yards. A pass Potts to Kelly fails. Potts plunges line for 2 yards. Kelly skids around end for 6 yards. Kelly punts 35 yards out of bounds. Miller for Edmond gains 3 yards with the ball on their own 34-yard line. Campbell makes 1 yard through line. Campbell hits line for 2 yards. Herndon punts 35 yards to Kelly who fails to return. Fleming goes through line for 4 yards. Potts runs 6 yards on punt formation and makes first downs. Potts hits line for 3 yards. Kelly hits line for 3 yards. Potts again penetrates line for 4 yards and first downs. Potts lost 1 yard on first down. Fleming made one yard through line. Kelly failed to gain. Kelly punts 34 yards to Edmond and no return was made. Courtney plunged line for 3 yards. Campbell failed to gain. Herndon breaks through line for 12 yards and first downs. Herndon failed to gain. Campbell loses a yard. Herndon punts 30 yards to Kelly who failed to make a return. Ada penalized 15 yards. Kelly punts 32 yards to Herndon, who fumbled but recovered. Campbell failed to gain. Lee substituted for Brents who was injured. Courtney skirts end for 12 yards and first downs. Campbell gains 1 yard. Courtney fails to gain. Herndon's pass for 15 yards was complete but fumbled and recovered by East Central played. Kelly punts 25 yards to Herndon, who signaled for a fair catch and was tackled by Stegall, forcing a 10-yard penalty. Herndon gains 1 yard. Edmond loses 1 yard on fumble and quarter ends without points.

Second Quarter
A pass from Herndon to Miller is incomplete and the ball goes over. Kelly's punt is blocked for a loss of 1 yard. Campbell hits line for 1 yard. Herndon adds 2 yards. Courtney gains 1 yard. Courtney fumbles and the ball is in East Central's possession. Kelly punts 10 yards to Herndon, who fumbles but recovers on the Tiger's 12-yard line. Herndon fails to gain. Courtney loses 2 yards. A pass is complete for 11 yards and places the ball on the Tiger's 3-yard line. Courtney hits line for 1 yard. Herndon went over line for a touchdown. A place kick fails. Herndon kicks off 25 yards to Kerr, who returns 5 yards. Potts loses 1 yard. Kelly fails to gain. Kelly loses 2 yards. Kelly punts 32 yards and the ball is recovered by Ada. Potts hits line for 1 yard. A pass is incomplete. Another pass is incomplete. Kelly punts 40 yards over the Edmond goal line and the ball is placed on the Edmond 20-yard line. Herndon gains 1 yard. An Edmond player fails to gain. Herndon gains 2 yards. Herndon punts 45 yards to Kelly, who failed to return. (Rayburn replaces Kratz) Potts gains 2 yards. A pass fails. Kelly punts 30 yards without a return. Edmond penalized 5 yards for offside. Herndon punts 30 yards to Kelly, who failed to return. The half ends—Edmond 6, Ada 0.

Third Quarter
Potts kicked off 18 yards to Edmond without return. Edmond punts 15 yards out of bounds. A pass fails. Montgomery for Fleming gains 5 yards. Montgomery plunges 1 yard. Kelly punts 25 yards without the ball being returned. Miller fails to gain. Herndon plunged line for 5 yards. Herndon punts 30 yards to Kelly. A pass fails. Potts hits line for 1 yard. Kelly rounds end for 1 yard. Potts plunges line for 5 yards. A pass from Potts is intercepted. (Odell goes in for Cunningham). Herndon hits line for 6 yards. Miller hits line for 5 yards and first downs. East Central penalized 5 yards. Herndon gains 2 yards. Miller goes around end for 2 yards. Herndon punts to East Central's 7-yard line. Potts loses 3 yards. Kelly punts 25 yards without return. Campbell gains 1 yard. Herndon gains 4 yards. Montgomery intercepts a pass on East Central 14-yard line. Potts goes thru line for 3 yards. Potts repeats with a 2-yard gain. Kelly loses 2 yards. Kelly fumbles ball on East Central's 12-yard line. Miller gains 1 yard. Campbell gains 4 yards. A pass over the goal line fails and the quarter ends.

Fourth Quarter
With the ball on the East Central 20-yard line, Odell gains 3 yards. Potts hits line for 4 yards. Potts gains 1 yard. Montgomery plunges line for 4 yards and first downs. Odell hits line for 1 yard. A pass from Potts is intercepted and run to East Central's 15-yard line. A pass fails. Edmond loses 8 yards on a fumble. A pass from Miller to Myers gains 8 yards. A pass over the line fails and the ball is again placed on the East Central 20-yard line. Odell gains 1 yard. Potts punts 27 yards to Williams, who went in for Edmond. Williams skirts end for 12 yards and first downs. Courtney gains 3 yards. Williams makes 4 yards on end run. A pass fails. A pass to Williams is completed for 6 yards. Edmond penalized. Another pass fails and the ball goes over. Potts hits line for 4 yards. Potts plunges line for 10 yards and first downs. Kelly hits line for 6 yards. McCoy goes in. McCoy gains 7 yards. McCoy goes around end for 4 yards. A fumble is recovered by Ada. A pass fails and the ball goes to Edmond. A pass to Williams nets 16 yards. Herndon hits line for 2 yards. Williams skirts end for 11 yards. Herndon hits line for 2 yards. Williams goes around end for 4 yards. A line back loses 4 yards and the ball goes over. A pass from Montgomery is intercepted on Ada's 35-yard line and the game ends with the final score—Edmond 6, East Central 0.

The Danger Mark for Milk

NATIONAL authorities announce that the real danger mark for milk is 45° Fahrenheit. Above this temperature, bacteria thrive in truly dangerous fashion.

Consequently it is imperative that you make sure that your refrigerator is well insulated, well made, delivering real refrigeration.

Milk—one of the ideal foods—is a boon to the dietary, but it is in constant need of protection. Take no chances with the danger mark—make sure, today, that your refrigerator keeps milk at this temperature or less.

Then depend upon us for a regular supply of the purest of ice.

We buy second hand furniture.—Shelton Furniture Co., phone 438.

Crank case not only drained but washed free. A-1 Filling Station. 10-3-1f

W. P. Abbott brought in some big potatoes a day or two ago which he left at the Oklahoma State bank. The two largest weighed 5 3-4 and 5 1-2 pounds, respectively. Mr. Abbott estimates his crop at 2,000 bushels, some of his ground yielding as much as 300 bushels per acre. However, he says unless there is a speedy change in the weather he fears he will lose a large part of them.

LENIENT ROBBER SLAIN IN FIGHT WITH POLICE

(By the Associated Press)

MADRAS—An Indian robber named Jambulingam, known as "Robin Hood" because of his steiness with the rich and his respect of the poor, has been shot dead by the police after a desperate struggle, which has ended an intensive campaign of daylight robbery throughout the Nannuhuri division.

Jambulingam, with his lieutenant, Kasi Nandan, escaped from prison a third time and immediately proceeded to follow his usual plan of action. This included a call on prominent people to whom he disclosed his identity and purpose, at the same time demanding a fixed sum on money. Almost invariably the demands were complied with as any refusal provoked the wrath of Jambulingam and his gang which took the form of assault and robbery. His last exploit was at a village wedding at Nambi-Kurichi where the robber and his gang mixed with the guests, placed two armed guards at the exits, and then relieved the guests of their valuables.

All the police in the district set out to get Jambulingam. Late in September at a place called Koriya special police surrounded a house occupied by the gang. Police fire set the roof ablaze, Jambulingam made a dash for freedom, killing the inspector in his rush, but was himself killed by the police.

Mexican Navy to Be Built Again by Subscription

(By the Associated Press)

MEXICO CITY—The Mexican navy, which has declined virtually to the status of the Swiss, is to be rebuilt by public subscription. The Pro-Navy Committee has launched a campaign to raise a fund of 38,704,000 pesos with which it hopes to buy four transports, 15 coast guard cutters, 12 river gunboats, two tankers, and one school ship. Later the purchase of another school ship for officers and a few destroyers and submarines is contemplated.

The committee says its program is admirably adapted to the republic's modest naval necessities and that destroyers and submarines should form the backbone of Mexico's defense against an invasion from the sea.

SCOUT MOVEMENT SUCCESSFUL HERE

County Council Bears Well With Others in Southwest

Among other things Ada can rightfully boast of is her advantages offered to the growing boys of the city through the Boy Scout movement.

No other city in the entire southwest can boast of a better council than the one in Pontotoc county when the cost of maintenance of the troops of the county is taken into consideration.

Unsurpassed by any council in the state, the Pontotoc county council boasts of the best from its population. Three other cities in the state have larger councils but their selection is made from a population of 100,000 and a council budget far in excess to the one launched by the Pontotoc county council.

Much of the credit toward the building of the banner council of Pontotoc county is due to the untiring effort of Scout Executive Harry Miller, who has reported a phenomenal growth during the past three years of his service in the scout field in Pontotoc county.

Miller is planning several new features for the advancement of the scout movement in Pontotoc county and with the assistance of worthy scoutmasters, his efforts are expected to meet the average of his past records.

Following is a record of comparison with other councils in the Southwest:

Our own council, 30,000 population, \$3278.26 budget, 523 scouts, 34 percent advanced, 155 taken to summer camp.

Cimarron Valley Council: 60,000 population, \$5,500.00 budget, 393 scouts, 32 percent advanced, 89 taken to summer camp.

Bartlesville council: 17,000 population, \$4,200.00 budget, 186 scouts, 24 percent advanced, 89 taken to summer camp.

Okmulgee council: 22,000 population, \$4,500.00 budget, 286 scouts, 24 per cent advanced, 31 taken to summer camp.

Muskogee council: 40,000 population, \$6,000.00 budget, 417 scouts, 20 percent advanced, 25 taken to summer camp.

Oklahoma City council: 100,000 population, \$7,500.00 budget, 618 scouts, about 24 percent advanced, 152 taken to summer camp.

Tulsa county council: 150,000 population, \$7,500.00 budget; 824 scouts, about 24 percent advanced, 87 taken to summer camp.

Galveston, Texas council, 75,000 population, 395 scouts.

Dallas, Texas council: 150,000 population, 475 scouts.

Of the 39 councils in this region, the Pontotoc county council ranks seventh in number of scouts. Of the eighteen councils in this state, the Pontotoc county council ranks third. The county budget is the least of the 39. The most service for the least amount of money is evident.

Last year the local council gave 55 special programs for boys, Masons and Odd Fellows hosts to scouts, Boys' week with elections held; city government by Ada scouts for one day. Flag day parade, Scouts decorate soldiers' graves, Aided Confederate re-union, Water athletic meet, Life of Christ scholarship, physical examination, contests held. Many overnight hikes.

Orel Busby, M. O. Matthews, W. D. Little, J. E. Hickman, C. V. Gowing, Walter Wray, W. J. Coffman, S. M. Shaw, R. W. Simpson, Miles Grigsby, make up the executive committee.

OKLAHOMA CITY, Nov. 2.—Flood waters of the North Canadian river which recently caused such heavy damage here swept away a bridge across the 39th street road, the replacement of which is causing considerable difficulty. The bridge which went down street and crashed against the waterworks dam was hardly more than 100 feet long. A 700 foot bridge has been suggested for replacement but funds are lacking. Meanwhile work is being held up.

ENGLISH PEOPLE PAY TO SUPPORT HEROES

(By the Associated Press)

LONDON—Annuities for the royal family and for the descendants of England's great political and military heroes cost the people some \$1,850,000 for the year ended March 31.

The royal family received their yearly stipend which amounted to \$804,725 of this amount. This took care of the king and queen, the dowager queen and the royal princes and princesses. It entirely ignored the Prince of Wales, who derives his public income from the duties paid to the Duchy of Cornwall. The Duke of York received \$50,000 of this royal annuity which has, since his marriage, automatically increased to \$125,000 even in the face of labor opposition in Parliament.

The pensions for heroes included \$25,000 to Earl Nelson, the descendant of the famous admiral, and \$5,000 to Lord Rodney.

Lord Birkenhead received a judicial annuity of \$25,000 and Viscount Haldane, Earl Loreburn and Lord Buckmaster received similar amounts.

Viscount Ullswater and Lord George Hamilton received amounts of \$10,000 each for political services.

BIBLE THOUGHT FOR TODAY

SHALL DO EXPLOITS:—The people that do know their God shall be strong, and do exploits.—Daniel 11:32.

The Shawnee News suggests that it would be a good thing if the legislature provided for a second primary so that a candidate who fails to get a clear majority, and his nearest opponent may run the race over and one be nominated by a clear majority. It will be recalled that last year Jack Walton lacked some 30,000 votes of having a majority over the combined vote of his two opponents, but being the high man he was the nominee. In Texas where the second primary is in force it is nothing unusual for the high man in a race where there are several candidates to lose in the runoff. For example, seven years ago five or six men were in the race for the United States senate. O. B. Colquitt was high man and C. A. Culberson second. In the runoff Culberson was the winner. Three years ago Joe Bailey was first in the race for governor but Neff defeated him in the second primary when the two had the field to themselves. This is the only way that the will of the majority can be expressed.

The latest publication to reach the exchange desk of The News is The Oklahoma Boy, a publication issued by the training school at Pauls Valley. It strikes us as a pretty good proposition to teach the boys the printing and newspaper trade, for it is seldom that one hears of a printer or an editor going to the penitentiary. In fact, when it was planned to put in a printing plant at McAlester some years ago it was found that there was not a printer in the entire list of inmates. If some of these boys are taught the trade perhaps they will not have so much idle time on their hands when they get out into the world.

Occasionally some one who has reasons for it puts an ad in the classified columns of The News giving some initial in care of The News as his address. This always leads to a number of inquiries at The News office concerning the identity of the advertiser. Of course we cannot give this. The one answering should send a letter addressed as directed in the ad and it will be delivered to the person who ran the ad. It will save The News some inconvenience if this is borne in mind by all concerned.

Ada does not have to send abroad for talent to put on an entertainment of any kind. The carnival of last week pulled off through the auspices of the Chamber of Commerce is ample proof of the above statement. With the college and high school bands and other entertainers, to say nothing of other talent in the city something can be doing all the time on short notice.

Governor Walton says his life has been threatened again. He will not get anywhere with that for the people of Oklahoma are law abiding and believe in settling matters in a legal manner. Walton's life is just as safe as that of any other citizen and very few will take seriously his talk about being in danger.

High society is learning a new game, although said game is said to be 3,000 years old. The new diversion is known as mah-jongg and has for many centuries been the proper thing in exclusive circles of Chinese society. Now it is coming into fashion with the upper ten of American society and bridge, whist and such games may soon be in the discard.

In America it is never safe to under rate the man below you for he may be above you tomorrow if the wheel of fortune should take a turn and he is ready to grab its offerings. It is always well to remember that the caterpillar of today is the butterfly of tomorrow.

Possibly the next governor will stay within the law in handling the affairs of his office. We have been too careless about such little matters for many a day. A reckoning must come in all things and it often takes much shorter time to stop tendencies than to bet them going.

Refusing to do one's duty because some one else is not carrying his part of the load is a very poor policy. There will always be shirkers and the wheels of progress would soon stop if the hustlers just dropped out because of the crowd that never does anything but knock.

The Idabel Gazette defines a pessimist as a cuss who can look at a dimple in the cheek of a pretty girl and see the time ahead when said dimple will be transformed into a wrinkle.

A Wisconsin man says that in another 20 years a mental as well as physical test will be required of applicants for matrimony. Does anyone think that a young couple with matrimony in their heads could pass an intelligence test?

Roads are said to be worse than they have been in years. As far as that is concerned, the weather has been rather freakish, also.

Sweden Interested In Marriage Of Prince

(By the Associated Press)

LONDON, Nov. 1.—Before the ancient altar in the intimate little chapel in St. James palace where many kings and queens have been married since the days of Henry VIII, Crown Prince Gustaf Adolf of Sweden took as his second bride this afternoon Lady Louise Mountbatten, neice of the reigning sovereigns of Britain. There was none of the splendor or display in the ceremony that has characterized high estate of the bridegroom and bride and so many royal witnesses ambassadors and titled aristocrats. Fewer than 300 persons were able to find seats within the narrow confines of the chapel.

Lady Louise is a sister of Lord Louis Mountbatten who last year married Miss Edwina Ashley, said to be one of the richest women in England. Lord Louis and his bride spent part of their honeymoon in the United States.

It was an eventful wedding which led to the wedding in the Chapel Royal of St. James Palace. Scarcely had the news of Gustaf Adolf's engagement been announced when it was reported that certain authorities in Sweden opposed the marriage on the ground that Lady Louise was not of sufficiently high rank to marry the crown prince. Then, while the genealogical experts were settling this question in favor of the bride-to-be, came the startling news that the press of foreign lands was broadcasting the tale that Lady Louise had changed her mind about becoming a crown princess anyway and was going to marry an obscure English painter of modest income. But as the summer passed by these rumors were gradually discredited by the fact that Lady Louise and the Swedish Crown Prince were after seen together in England and France.

Lady Louise's father was Prince Louise of Battenberg, later known as the Marquis of Milford-Haven. The Battenberg family has sprung from Germany by way of Austria, where the title of the prince was bestowed, and because of strained feeling in England during the war the name was anglicized to Mount-

batten. Lady Louise who is about 35 years, old is a typical aristocratic Englishwoman, gracious, generous, alert, fond of dancing and outdoor sport, and gifted with genuine charm. She will captivate Sweden as she did the officers and sailors of the Swedish squadron visiting British waters when she came abroad the flagship escorted by the crown prince.

The Swedish Crown Prince, whose full name is Oscar Frederik Wilhelm Olaf Gustaf Adolf, has been married before, his first wife having died some three years ago. Crown Princess Margaret, daughter of the Duke of Connaught and princess of Great Britain and Ireland, had borne Gustaf Adolf five children, and her death was a great bereavement to the Swedish people.

Gustaf Adolf is now 41 years of age, more than six feet tall, as are all the men of the Swedish royal family, and vigorous as an athlete. Indeed he is the possessor of the "athletic medal" awarded only for high proficiency in at least five different branches of sport in Sweden. This is perhaps not strange, nor is it strange that he is a military leader, and that he should have commanded one of his country's armies in the field of maneuvers which ended only two weeks before the wedding. But it may surprise many to learn that the Swedish crown prince is also a serious archaeologist, with several expeditions to his credit. Last year he spent nearly two months personally directing the excavation of the buried Greek town of Asine, and unearthed many precious relics that shed light on the civilization of 3,000 years ago. He is, moreover, a collector of paintings, especially of the work of modern artists, such as Anders Zorn and Carl Larsson. Gustaf Adolf is very democratic and, consequently, popular with the masses in Sweden. His political aims and principles, like those of his father, are sound and constructive. The wedding in London was attended by both King George of England and King Gustaf of Sweden. The couple will spend their honeymoon in Italy.

GUBERNATORIAL CAMPAIGN IN MARYLAND NEARS CLOSE

BALTIMORE, Nov. 3.—Maryland's gubernatorial campaign virtually ended today. The lack of interest on the part of voters during the progress of the campaign is bringing party leaders considerable worry. They fear it will be difficult to get out a large vote.

The issues of the campaign were largely local, the chief one being the record of Gov. Ritchie's administration.

Schulte Held on Charge.

In preliminary hearing before Justice Joseph Anderson Friday afternoon, W. F. Schulte was held to await the action of district court on two charges of forgery, alleging the fraudulent sale of certificates. The bond for Schulte in both charges was reduced to \$1,000.

Smith Preliminary Held

Bill Smith, facing charges of seduction, was bound over to the action of district court when he appeared in preliminary hearing before Justice Anderson Saturday afternoon. His bond was placed at \$1,500.

JOHNSON COUNTY TEACHERS WILL ATTEND

According to County Superintendent Hickman, a good number of Johnson County teachers will attend the eighth annual meeting of the East Central Oklahoma Education Association, to be held at Ada, November 8, 9 and 10. A splendid program has been arranged for the three days of constructive educational work. It will be interspersed with instrumental and vocal features and other entertainment. Supt. Hickman urges all teachers who possibly can attend the meeting to make arrangements to be there.—Tishomingo Capital Democrat.

Cotton Shows Advance

NEW YORK, Nov. 3.—Cotton today advanced 65 points at the opening of the market. January touched 32.18, March 32.33 and May 32.25.

Read all the ads all the time.

Cotton Pickers Needed

(By the Associated Press)

OKLAHOMA CITY, Nov. 3.—Three thousand five hundred cotton pickers are needed in Oklahoma. Claude Conally, state commissioner of labor, asserted in a bulletin issued by his department today. A billion dollar crop for the state is predicted by John A. Whitehurst, president of the state board of agriculture.

MOTOR BANDITS HOLD UP PAYMASTER OF COMPANY

(By the Associated Press)

PHILADELPHIA, Nov. 2.—Five motor bandits wearing handkerchiefs for masks, today held up the paymaster of the John Wyeth & Bro. Chemical Co. and robbed him of \$4,700 pay roll. The hold-up occurred a short distance from the chemical plant as the paymaster was returning from a nearby bank.

Cuticura Soap Ideal For Sensitive Skins

Men who have tender skins, easily irritated by shaving, should use Cuticura Soap. Dip brush in hot water and rub on Cuticura Soap. Then make lather on face and rub in for a moment with fingers. Make a second lather and shave, then wash off with Cuticura Soap.

Sample Free by Mail. Address: "Cuticura Laboratories, Dept. 526, Malden 44, Mass." Sold everywhere. Soap & Cream. Cuticura Soap shares without mug.

CHINA PESSIMISTIC IN PERIOD OF ILL OMEN

SHANGHAI—Business conditions in China are not so good and Chinese merchants are undecided whether to blame politics or the jinx of the present year.

The Chinese calendar is divided into cycles of 60 years. According to their reckoning, there have been 77 of these cycles since time began, dating from 2697 B. C. during the reign of Huang Ti. The cycles are divided into twelve sections of five years each and each section is known by some special designation such as the years of the sheep, the years of the cock, the years of the monkey, the stork, the pig, etc.

This happens to be the last or fifth year of the pig. The years of the pig are always bad and the last year of the pig is especially bad. In the final year of the pig the last of the Celestial stems meets the last of the terrestrial branches to use the terms of the sages.

Nothing could happen that would surprise the average Chinese in this year. Bad as it was the Japanese earthquake did not disturb the Chinese calm. Influenced by this old tradition Chinese merchants are buying only what they need to keep going. One Chinese banker pointed out that exports had virtually ceased and imports of foodstuffs greatly increased. Customs revenues, records show, decreased 4,000,000 taels during the first half of 1923. No improvement is shown in the spinning industry and even the mah jong business has fallen off.

On the whole the people are glum and resigned.

Mrs. L. P. Sanbach, secretary

HALLOWEEN PARTY AT WILLARD SCHOOL

Wednesday evening the teachers of Willard school entertained the pupils with a Halloween party from six to eight o'clock in the lower hall and basement rooms.

The rooms were beautifully decorated with autumn leaves and the usual black cats and owls.

Balloons, candy, popcorn and pies were sold. There was also a fishing pond managed by Miss Lee which the children enjoyed very much.

The booth that drew the largest crowd, however, was the fortune telling booth. Every child and some of the patrons wanted to know what the future held for them.

Miss Bolton as fortune teller proved herself equal to any Gypsy.

A number was given with each purchase and when all the articles had been sold Mr. Bolton opened a sealed envelope and asked who held the number thirty.

Fannie Floyd held the lucky number and was given a Humpty-dumpty doll.

Two other prizes were given, one for the prettiest costume, Rachel Taylor was chosen by the judges.

John Bedford was given a large sack of candy for wearing the "spookiest" costume.

As the children passed out of the building a souvenir pencil was given each.

Practically all of the pupils were present and many of the patrons.

Twenty-one dollars and sixty six cents was made. The money will be used for school supplies.

"WELL-BABY" CONFERENCE HERE NOV. 5 AND 6

"Well-Baby" Conference under the direction of Miss Georgia Harrison, public health nurse of the Bureau of Child Hygiene assisted by local physicians is scheduled for this city on Nov. 5th and 6th. Any and all well babies will be received and examined at this conference.

This conference is distinct from a Better Baby Contest in that all babies of the community who have no infectious diseases will be received. These babies will be carefully weighed and measured and compared point by point to the standard of a normal child. The nurse will make a record of the condition of each child examined and give the parent a copy of the record. This is done in order that the parent may then present the case to her own physician for his attention to whatever defects were noted by the nurse.

These conferences are being held throughout the State under the direction of the Bureau of Child Hygiene. Miss Harrison is the nurse from the Bureau, who has been placed in charge of the district of which the county is a part. She will visit this city after the Center has been established once each month and direct the mother classes in the course of study outlined by the Bureau. She will also conduct these well-baby conferences with the assistance of the local physicians whenever requested by the community to do so.

During these conferences any and all questions relative to the care of babies and mothers will be taken up and discussed fully.

PREPARING FOR TREE PLANTING WEEK

Since the second week in November has been designated as "Tree Planting Week" throughout the state, the Auxiliary of the Chamber of Commerce will take up as its next big task tree planting along certain highways leading into the city of Ada.

It is the plan of the Executive Committee of the Auxiliary to appoint an efficient committee who will cooperate with members from the Chamber of Commerce in furthering this program. For several years we have talked of planting trees along our public highways. This fall offers ideal conditions in which to consummate our talked of plans. There is more stimulus in a great aim than in any other intoxicant. It raises every faculty of you to the highest power. It clears your brain, fills your heart, and raises your happiness to flood tide, therefore our great aim now is to plant ten or fifteen miles of trees, such as elm, hackberry, maple, sycamore, paper white mulberry, American white ash, and it has been suggested the pecan tree. The preparation of the soil, with attention to future growth and care will have to be taken into consideration. It is useless to plant the trees unless they are put out in first class condition. The committees may be able to secure help of farmers who live along highways to assist in this tree planting campaign.

Lasting memorial highways may be planted and dedicated to the pioneers and War Veterans of our state. It is said that many hundred years ago the emperor of Japan invited all of the noblemen to assemble and bring presents unto his court; one of the nobles, who found himself without money or valuables to contribute, brought a bag of seed and they were planted along the highway as a memorial to the emperor, and now, that all of the gifts and material things brought at that time are gone and forgotten this memorial hedge or grove along the Imperial highway is a living memento of superior gifts. It may seem to some that we have taken up quite a difficult task, but all the worthwhile things of this life are difficult—nothing's easy but slumping. The only way to perform a difficult and complicated task is to go to it. The philosopher has said "Hitch your wagon to a star." If we don't hitch it to something it won't go.

LYOYD GETS IDEA IN A FLASH FOR NEW COMEDY

Ideas for comedies are rare. For the type of feature comedies that Harold Lloyd makes, they are "rarer than rare."

The happy thought that led to the making of the spectacular comedian's latest and longest feature, "Safety Last," a seven-reel Pathe comedy, came like a flash out of a sky.

One day, about a year ago, Harold Lloyd and his producer, Hal Roach, were walking on a down town street in Los Angeles. It is happened that at the Roslyn Hotel that day, "Bill" Strother, known the world over as the "human-fly," was pitting his skill against the intricacies of the Roslyn's granite walls.

Immediately the idea hit Harold that it might be a good plan to make a thrill picture, and to fill it with just such daring and hilarious situations as he made in "Never Weaken" and "High and Dizzy," outstanding successes in Lloyd's early achievements.

The idea was not long in the crystallization stage, for it was put into concrete form by Hal Roach, Sam Taylor, Tim Whalen and Harley M. Walker—the last three on the Lloyd scenario staff—and the filming began after the completion of "Dr. Jack" Strother, himself, was engaged to play the part of Lloyd's pal, and to, incidentally, climb one building for the benefit of the camera.

"Safety Last" will be seen Monday at the American theatre, and it is declared to be filled to the brim with thrills. The funny situations are there in abundance, and with Mildred Davis, Harold also demonstrates that he can take his place with the foremost Romeos of the screen.

Each of the 47 posts is required by laws of the national organization to hold its election at the first meeting in December, but local posts may set the date for their own meetings. Mr. Norton said. Registration of newly elected officers with the state headquarters at Oklahoma City is compulsory before any of the officers may be installed according to the rules.

After the state headquarters department has been advised of the election results by each post, plans for the installation ceremonies, to be held early in January, may proceed. Notices of the election must be accompanied by per capita taxes for each member of the posts. Per capita tax payments at this time amount to 25 cents a member.

The average membership for each post is slightly above seventeen.

A WORD TO CITIZENS FROM PRES. LINSCHIED

To the Citizenship of Ada:

East Central State Teachers College is planning one of the biggest and best District Associations ever held anywhere in Oklahoma. It is very probable that hundreds of out-of-town teachers will be here from all parts of the East Central Teachers College District. Many of these teachers have been at Ada at some time in the past and many others have never been here before.

It is essential that suitable accommodations be provided for all who come. Rooms are needed for several hundred who must be accommodated in private homes after the hotels have taken care of all whom they can accommodate. These visiting teachers expect to pay for their meals and their rooms. It is merely a question of providing these at reasonable rates.

All people who can take one or more of these visiting teachers next Thursday and Friday, November 8th and 9th, should phone 86 and list their rooms with Mrs. Carter or Miss Cunningham at the Teachers College. Please give name, street number, and telephone number; also state whether or not you prefer men or women and whether or not you can furnish breakfast to those whom you room.

This is an important matter, not only to the Teachers College, but also to the people of Ada, as many of these visitors are prospective students; and the reputation that Ada makes in taking care of these people will help very materially in keeping alive the good-will that prevails throughout the district. Teachers Colleges thrive on good will, and the good record which Ada made last year should be equal or excelled this year.

Let all who can accommodate any of the visiting teachers next Thursday and Friday, phone their willingness to take care of our guests, to the teachers college not later than Monday evening. This favor will be greatly appreciated.

Respectfully,

A. LINSCHIED,

President.

WHAT IT TAKES IN FOODSTUFF TO PRODUCE POUND OF MEAT

WASHINGTON, Oct. 31.—The quantity of foodstuff to produce a pound of meat has been the subject of study of experts of the Department of Agriculture. They find it takes about six pounds of grain and six pounds of hay to produce a pound of lamb (live weight); 10 pounds of hay and 10 pounds of corn to make a pound of beef, and 5.6 pounds of corn to produce a pound of pork.

WHAT THEY SAY

Cooperative Marketing is Solution
Brother farmers, did you know that the man that consumes the surplus feed sold by the farmers is the farmer himself? Did you know that if the farmers who have the feed to sell, and the farmers that have to buy this feed, were organized into a cooperative marketing association, then through the market commission the seller and buyer could be brought together, dividing the profits now being taken by the men that are buying crops from the producers and then selling this feed to the buyers, or consumers. Why not organize cooperative marketing associations and divide these profits? The services of the State Market Commission will not cost us anything.

ENORMOUS AMOUNT TO BE SPENT BY TAX PRODUCERS

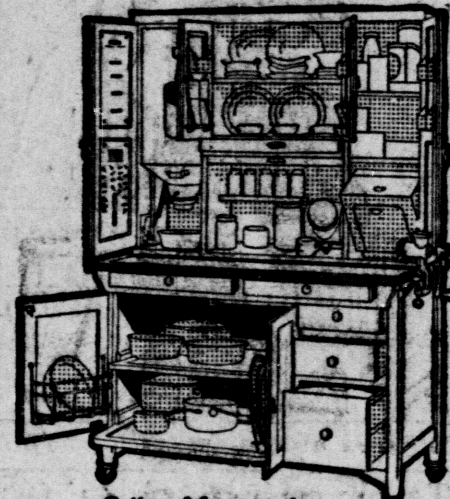

(By the Associated Press)

LOS ANGELES, Nov. 2.—A \$27,000,000 program for the coming year was announced for his organization in advices received here from William Fox of the William Fox Picture Corporation.

Plans for 1924 include an increase of more than \$100,000 in the weekly pay roll of the corporation, Mr. Fox stated.

The Dowser Who Flivvered!

Mysteriously guided by the behavior of a willow wand, sometimes a "dowser"—the water-wizard—tells where to dig a well which really yields water. Then much ado is made over the feat. But who ever hears similar noise about the dry holes, dug when the dowser flivvered?

Now and then, possibly, it just happens that people buy wisely without heed to advertisements. But the chances are against any one having such luck!

It does not "just happen" that advertised values are invariably genuine buying opportunities. They must be, because they are openly offered to every one who reads about them.

Advertised value must be true value. Else it could not keep on being advertised to a public so keen and critical as this public of ours.

First Baptist Church

Sunday school begins at our church today at 9:45. We hope to see a large attendance. We have classes for all departments and competent teachers in charge. Mr. J. A. Ridling is the general superintendent. The departmental superintendents are as follows: Senior and Adult, Mr. W. C. Duncan; Intermediate, Mr. W. T. Melton; Junior, Mrs. L. J. Crowder; Primary and Beginners, Mrs. J. A. Ridling; Cradle Roll, Mrs. F. R. Laird.

The Men's Bible Class meets at the McSwain theatre at 9:45. Mr. J. L. Huber is president and Mr. U. C. Dixon is secretary. All men who are not already attending somewhere else are invited and urged to come and visit them. Mr. L. A. Ellison will teach the lesson.

The morning service at the church will begin at eleven o'clock. The

pastor will preach at that hour.

The B. Y. P. U.'s will all meet at 6:30. The young people are urged to attend.

The evening preaching service will begin at 7:30. The pastor will preach an evangelistic sermon at that time and the unsaved will be urged to repentance and faith for salvation. The public is cordially invited to all our services.

Christian Church

Bible school 9:30 a. m. C. E. Canning, superintendent.

Junior Christian Endeavor, 9 a. m. Miss Donna Bell Lee, superintendent.

Men's Bible class in the banquet room of the Harris Hotel 9:30 a. m. Dr. Linscheid, teacher.

This class has accepted a challenge from the men's Bible class of Elk City, Oklahoma, for a contest on attendance, the losing class to present the winner with a silver loving cup. It is the judgment of the committee in charge of the contest, to make those responsible for the defeat, should we be defeated, buy the cup. Your attendance at class each Lord's Day is all that can prevent you from being responsible in this case.

Brother John A. Tabor of Dallas, Texas, will fill the pulpit at 11 a. m. and again at 7:30 p. m.

Brother Tabor is one of the most competent ministers of the Christian brotherhood. Everyone should avail themselves of this opportunity of hearing him.

Intermediate Christian endeavor society is manifesting unusual interest. Last Sunday evening with inclement weather there were 28 at their service—fine spirit indeed.

Regular meeting of the official board at 3:00 p. m.

Remember that the first Monday evening of each month is the appointed time for the church financing association to meet. Let's be there with the "pep."

BLACK SEA PIRTTES

DRIVE SHIPS TO PORT

(By the Associated Press)

VARNA, Bulgaria.—The Black Sea is fast winning an unenviable reputation for piracy and lawlessness upon its waters. Seafaring men are terrified by two acts of violence in the past fortnight, and in some cases have declined to take their ships out of the harbors.

The tale of the destruction of the Bulgarian sailing ship Biala was hardly out of men's mouths, when there came the recital of how the crew of the Amon were done to death by Turkish marauders from the coast of Asia Minor. The Amon sailed from this port for Constantinople, laden with turpentine. A few miles out she was approached by two large motor boats. The captain, not liking the appearance of these strange craft, crowded on all sail in an effort to get back to port, but the motor boats were too quick for him. One approached him from starboard and the other from port, and ranging alongside with grappling irons soon had a strong hold.

Then armed men went aboard the sailing vessel and made her their

own. They overpowered the crew and lashed them to bulwarks and boat davits. Torture made them disclose the whereabouts of the ship's treasure, 26,000 golden Turkish pounds.

This was quickly gathered in, and the pirates made a quick getaway, but before they cast off they set the Amon on fire. She was soon doomed, and so were her crew, still lashed to the deck stanchions.

Only one man succeeded in working himself loose. He dove overboard and swam to the Bulgarian shore, where he related the story.

Oklahoma City Boy Sentenced

OKLAHOMA CITY, Nov. 3.—Hulley Silt, 17, was found guilty of murder and sentenced to a term of 10 years in the state penitentiary. Silt was charged with killing Charley Pinkerton, a restaurateur of Packer town. He pleaded self-defense.

The nice thing about being a nobody is that when you make an ass of yourself nobody notices it.

Motorists nowadays leave lots of rubbish on the highways but the commissioners agree that it is preferable to the rocks left in the road by the boys who used to stop their buggies.

It is always a mystery how some old bachelor gets on a committee of judges at a baby show.

Just about the time Amos Tache decides to buy a new raincoat from one of the merchants in Ada, it rains so hard he can't get out to look over the bargains and when he can the sky is blue and he doesn't need one.

It isn't difficult for the poor man to get a liberal education. All he has to do is look up the answers to the questions his kids ask.

The nimrod gaily hies him forth To gather birds or burst Now he's dead, he pushed his gun, Through a rail fence, muzzle first.

About the most useless fellows are the bald-headed men who worry about whether or not he looks funny to other people.

If its an old ramshackled shack that catches fire any fire department can save.

Our flapper friend ponders over the problem of why we should recognize Mexico when she has been here all the time.

The International relations fail to stir us as the one who brings the six kids for the week-end.

Things that Never Happen

Of course the boy knew that he would inherit a generous fortune but he developed into a useful workman at his father's soap factory.

BELGRADE WINS FRME AS PROGRESSIVE CITY

(By the Associated Press)

BELGRADE, Yugoslavia.—Belgrade, recovering from the effects of the Balkan wars and the World War, is going through a period of new building. All over the city one sees evidence of new construction, the materials being stone, brick and steel. The 200,000 inhabitants are bustling with activity, and the total of the population is growing. New public buildings, as well as dwellings are being fashioned.

Belgrade is coming to have a reputation as a remarkably clean city. The principal avenue and the side streets as well as swept every night and during the summer months they are watered every morning. The police are smart, upstanding young men, many with good records in the army.

Probably the most popular man in Belgrade is Alexander, the King. Along with a number of his policemen the King too has a good record in the army. His is an engaging personality, and he has learned the difference between reigning and ruling. Alexander reigns.

But even so the King has courage and determination. Not long ago the question of peace or war between Yugoslavia and Italy hung in the balance. Then Alexander showed he was no figure head. The most important of the cabinet meetings were held in his private rooms, and Alexander presided. When the time comes he is not backward about expressing his convictions and judgments.

But the part that has made Alexander more popular than any other is his role as father of the heir to the throne. The baby's name is Stephen, after the great Stephen Doushan.

own. They overpowered the crew and lashed them to bulwarks and boat davits. Torture made them disclose the whereabouts of the ship's treasure, 26,000 golden Turkish pounds.

FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs."

"I felt hardly able to drag; just tired—so tired all the time."

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

Take Cardui.

Gen. Henri Gouraud, "the Lion of the Argonne," who led his troops through the "through hades to breakfast," recently surrendered with a smile a corsage bouquet as his last "de-

Cooper and Story Fight Listless Ten Rounds to Draw on Fight Card Here

Through ten rounds of sluggish fighting with the stamina and offensiveness commonly shown by Archie Cooper sadly lacking, Floyd Story of Ponca City and the local champion fought to a draw, the decision being unpopular with the fans.

While the failure to award the decision to Cooper, who displayed all the aggressiveness of the ten rounds, was unpopular, the apparent unjust award was not contested in the sentiment of the fans, who expected a knockout from Cooper in every round after the first.

Cooper was noticeably off during the ten rounds of the fight, showing his usual flashes of power but letting up just in time to permit Story to recover and continue through the ten rounds of the engagement.

From the first round until the final gong, Story was unable to land any effective blows that would count seriously against Cooper, his punch being insufficient to disturb Cooper.

Cooper became unimpaired of Story's blows after the second round and seemed content enough to take all his contender could give. Cooper paid little attention to his guard.

The first round was devoted to feeling-out exercise with occasional exchanging of blows. Both fighters were content to refrain from rushing things.

Aggressiveness at Opening

Cooper showed his old aggressive in several instances in the second round, landing several hard body blows and using his right effectively to the face. Story sought cover in clinches and displayed weakness from the rain of blows.

The third, fourth and fifth rounds were all of the same brand. Cooper apparently gained the backing of a number of hard wallops but did not press his opponent for an early finish. The end of the fifth round found the antagonists listless.

The remaining rounds of the engagement spelled little credit to either of the fighters, fans being revived by occasional outbursts of speed on the part of Cooper and more energy on the part of Story in seeking cover. Cooper made a fast play for a knockout in the last round but apparently could not land in the necessary punch.

The decision met with the disapproval of the fans.

An exhibition between Claude Sparks and Oscar Mortimer, trainer, proved interesting and met with the approval of the fans. Mortimer brought out several points Sparks has developed recently.

The six round bout between Slick Hightower and Yellow Boy, dark town battlers, warmed up in the final round when both battlers slugged away merrily. No decision was awarded.

Two kid bouts served as a good opener for the fight card and provided lively scraps in both instances. The Vancouver and Shirley mix-up for four rounds was especially lively.

"GRANDMA'S BOY" EXCEEDS EXPECTATIONS

Judging by the way yesterday's audience at the American Theatre received Associated Exhibitors comedy in five parts, "Grandma's Boy" exceeds the liveliest expectations for this much-discussed and widely heralded film.

With its philosophy, romance, exciting clashes, satire on human weaknesses, pathos and optimism, "Grandma's Boy" is unlike anything Lloyd has ever done and displays the star as an actor of broader scope than his most ardent admirers have known. Here, in addition to being excruciatingly funny, he shows surprising ability as an emotional player, and the fact that he sometimes pulls hard at the tenderest heart strings, gives an idea of the difference of his five-reel effort from all his previous films.

In "Grandma's Boy" the story construction is so clever that the character development is as legitimate as in any serious play. At first one is almost led to expect merely a bucolic drama. Then the fun begins with its satire on the foolish fears that are a part of most human lives, and it is riotous.

Lloyd's scenes with Grandma played by Mrs. Anna Townsend, an adorable old lady of 79, are among the most charming ever screened. Mildred Davis never before played with so much charm. Dick Sutherland's portrayal of the tramp is unequalled, and Charles Stevenson is excellent as the Bully.

Harold Lloyd has never been seen to such excellent advantage as in this country, and the recognition of the true purpose of cooperative marketing together with the application of the proper technique are just beginning. This is true in spite of the fact that in volume of general organization American dairymen exceed the activities of any other class of our agricultural producers.

ROMAN SWIMMER CLAIMS LONG DISTANCE RECORD

(By the Associated Press)

ROME.—The record for long distance swimming is claimed by the Roman swimmer Armando Sannibale, one of the water fans of the Tiber. Sannibale swam a distance of 100 kilometers recently, and contends that such a feat constitutes a record. The distance is roughly 60 miles, and ran on the Tiber from Rome to the sea. The time was 15 hours.

His accomplishment seems phenomenal, but it should be remembered that the Tiber is a very swift flowing river, the current moving at the rate of two or three miles an hour.

MARKETING PLAN GIVEN SEND-OFF

Co-operative Marketing Association Counsel Tells of Importance.

WASHINGTON, Oct. 4.—Aaron Sapiro, general counsel of the National Council of Farmers' Cooperative Marketing Associations, told the World's Dairy Congress today that the country was only beginning to realize the true purpose and importance of the cooperative movement.

"The dairy farmers of Switzerland were the first to see the value of cooperation for production, which of course, led to cooperation for marketing; and the dairymen of Denmark evolved the hundred percent pooling, long term, binding contract form of cooperative organization. This kind of organization is used today among American farmers of all types. It has brought outstanding success to the fruit growers of the far west, the tobacco growers, the cotton growers, and innumerable others.

"What is more important, the practices which led these dairy farmers to success established our present guiding principle that the true aim of cooperative marketing is the substitution of scientific merchandising for the disorganized dumping of farm products. Cooperation in the dairy industry holds an even greater than historical interest by reason of the multiplicity of special problems with which the cooperator is confronted. The solution of this surplus problem through cooperative merchandising to increase and make more general the demand for cheese and other milk products, is the key to the intelligent market of milk.

All of these difficulties are present in a marked degree in this country, and the recognition of the true purpose of cooperative marketing together with the application of the proper technique are just beginning. This is true in spite of the fact that in volume of general organization American dairymen exceed the activities of any other class of our agricultural producers.

Chicago Babies Thrive.

CHICAGO, Oct. 3.—Chicago is four times as safe for babies as it was seven years ago, according to a report of the Infant Welfare Society of Chicago.

The death rate of one and thirty-nine one-hundredths of one percent for August among the babies cared for by the society in 1916 was reduced to thirty-five one-hundredths of one percent among 6,513 babies and children cared for by the organization at its 27 stations this year, said the report.

Nurses and dietitians with the society made 8,735 visits this year giving advice to mothers in the poorer districts as to proper methods of preparing food, dressing, bathing and other details of infant and child care.

HARD-UP COLLECTORS SELL ART TREASURES TO AMERICA

(By the Associated Press)

LONDON.—Art collectors from America have sent more treasures to America since the war than were purchased by Americans during the 20 years previous to 1914.

English collectors explain that this is the result of the need for cash which is being acutely felt in England. Many former wealthy art collectors are forced to sell their possessions in order to meet high taxation and living costs. There seems to be no such condition among the American collectors, for their English agents are everywhere and always ready to seize upon any treasures that are for sale. In fact, so anxious are some of the agents to buy that they have adopted the method of calling on well known collectors and making them offers for various objects.

Art objects to the value of \$10,000,000 were shipped to the United States last year.

Raiding Bruin Comes to Grief.

(By the Associated Press)

SOFIA.—The carcass of the largest bear killed within the memory of present inhabitants of Bulgaria was brought triumphantly into Vatisha, almost within sound of the cathedral bells of Sofia, by a party of peasants recently.

For more than three weeks the animal had raided flocks and spread terror throughout the country side. No obstacle seemed to trouble the bear, which had broken down fences, and climbed high walls in the raids during which it carried off 57 sheep, cattle and goats and defied the herdsmen. Reinforced by a party of soldiers the villagers set out in pursuit of the beast, which was not overcome, however, before it badly mauled two of the hunters.

Youth is always in style—and Gossards prolong youth

"Being slim may be a matter of pounds; but looking slim is a matter of where those pounds are placed."

Gossard corsets and brassieres offer an easy way to keep the figure youthful. They do not permit one's figure to "let down" and "spread." The new soft front, offered this year, is straight, giving a flat abdomen without any restriction.

GOSSARD CORSETS are made for every type of figure. Here are two good numbers. Of course we carry many other good models.

Model 382—A lightly boned corset; has low comfortable elastic top, one and one-half inches above the waist line. The medium length skirt is cut straight around the figure—has elastic back. Price \$5

Model 228—Is another good number, similar to above No. 382—\$3

Other Gossard Corsets at \$2 to \$9.50

GOSSARD BRASSIERES 50c to \$2.50

NATE BOLLIPI

Well Known Contractor's Wife of Holdenville Praises Inter-State Doctors

Holdenville, Okla., Oct. 3, 1923.

"I suffered for the last eight years, with what several doctors diagnosed as Pulmonary Tuberculosis in the last stage. One doctor said there was no hope for me and I was advised to try the climate there, but I failed to receive any benefit and in fact, was getting of New Mexico and my husband moved with me to make our home worse. We consulted various doctors and an operation was advised for a female trouble. This I finally consented to and nearly bled to death after which my condition was still unimproved and nothing seemed to help me, and I became very despondent. During this time we moved back to Holdenville.

"About two months ago I noticed in the Shawnee News about the Inter-State Doctors having opened offices in Shawnee, and we called on them and after a thorough and careful examination I placed my self in their care and commenced taking their Intravenous Treatment (direct to blood stream.)

NOW ALMOST WELL

"I am happy to say I am now almost well and feel entirely confident that I will be completely cured by these wonderful doctors.

"My husband and all my friends are very much surprised and elated over my recovery.

"I write this letter so that every one suffering from a Chronic Ailment can go to these doctors for help and relief.

"Respectfully,

(Signed) "MRS. ADA FREDERICK,
Holdenville, Okla."

Shoes: Men's brown or black outing bal work shoes special for Monday **\$1.98**

Hats: Men's dress hats in the dress or small or medium shapes, fur felt, **\$1.98**

Boy Scout News

Scoutmasters and patrol leaders take notice that the meeting place for the training course will be at the city hall. The weather is too uncertain for an out-door meeting at the scout executive's home. Come to the city hall. Get every member of your patrol present. Work up your discussion topics. Bring your knives.

The rainy weather and Halloween interfered with scout meetings very much this week. Troops 10, 7, 3, 2, had meetings. One good observation is the growth of the popularity of the patrol idea. Troop 10 is meeting with much success in this respect and we are sure that the other troops, which have not used it will find that it will be the solution of many of your problems.

The East Central Teachers Association will meet in Ada Nov. 8th, 9th, 10th. Every Ada Scout will surely watch for the opportunity of rendering service. We are expecting each patrol of every troop to be on hand. The patrol which in the judgment of the scout executive renders the greatest service will be given a fitting and satisfactory reward. Be sure and meet the Frisco trains, on Nov. 8th and 9th, at 12:30 and 5 o'clock Santa Fe on the 8th and 9th. Patrol leaders get your patrols out. What patrol will get the reward? Be on your toes.

Troop No. 4 had no meeting this week. This is the first time in a year almost that this fine troop has had no meeting. Scouts one thing sure it was not the fault of the scout master Roy Meek for he was Johnnie on the spot.

The troops will have a chance to learn many new scout songs through their patrol leaders and scoutmasters. Singing makes for a better spirit. Here is a very popular song.

The Parlor Scout.

Tune: "Mary's Lamb"
Johnnie was a parlor Scout, parlor Scout, parlor Scout,
Johnnie was a parlor Scout, uniform was neat,
But Johnnie never ventured out, ventured out, ventured out,
But Johnnie never ventured out for fear he'd wet his feet.

The other Scouts, they roamed the woods, roamed the woods, roamed the woods,
The other Scouts they roamed the woods and learned the forest craft.

While Johnnie read the Scouting books, Scouting books, Scouting books,
While Johnnie read the Scouting books but couldn't stand a draft.

For he was like a timid hen, timid hen, timid hen,
stays around the coop.
So do not be a parlor Scout, they're not worth a * * *

Refrain:
Whoop-de-doo-den, doo-den-doo, doo den, doo, doo-den-doo
Whoop-de-doo-den, doo-den-doo.
(Add last half line of each verse)

Ask some of the old timers around here if they know where the Indians use to camp years ago. Then when you get that information get a small shovel, and go to the place and dig and look for these arrow heads. Some day we will have an archery contest and you would like to have an arrow head just for an exhibition as to how the Indian use to do it.

Many of the scouts have received recently copies of the Boy Life magazine. Very interesting isn't it? Commerce to save your money and subscribe for it. It will give you many thrills. Reeves, Douglas Fairbanks, Zane Grey and others will give them to you. You will be a better scout too for having it. What kind of wood craft can you make? Could you make a knife, fork, a spoon out of wood. Could you make a chair out of willow. A wash stand. Maybe your patrol has this in mind. Some of the scout masters said some of their boys were going to make some of these things. Go to it.

When this weather clears off, we are expecting the patrols to be mighty busy times. "Trustworthy" Ask a scout he knows.

LOVELADY

Did not have any preaching Sunday on account of rainy weather. The farmers of this community certainly would appreciate some sunshine so they could get out their cotton.

The meeting closed last Wednesday night with much success. There were seven conversions.

Did not have any singing Thursday night on the account of rain.

Miss Bettie Potter of Durant is visiting friends in this community.

H. S. Tollison has moved to the Ahlosso community.

Mrs. Gladys Russell is visiting her parents, Mr. and Mrs. B. J. Allen.

Ed Massey has returned home after a visit with relatives and friends in Arkansas. We are glad to see him back for we sure did miss him in our singing class.

John Morper was the guest of Cephas Lillard Thursday night.

Carl and Marvin Kaiser were the guests of Walter Dickerson Thursday.

Eliza Tollison is visiting friends near Franks at this writing.

Onalee Summers has returned home from New Wilson.

Clinton Roberts of Homer community attended the revival meeting at Lovelady. We certainly appreciated his presence.

Grady and Ray Allen went to Ada Monday.

JAPAN'S GREATEST BUSINESS WOMAN

Mme. Yone Suzuki.

Mme. Yone Suzuki is considered Japan's greatest business woman. She is seventy-one years old. In 1893 she was left a widow with a small sum of money from her husband's sugar business. She went into business and failed, started over again and is now worth sixty-five million, and is head of the internationally known firm of Suzuki.

NEWS NOTES FROM MOVIELAND

Here is our very latest picture of Mildred Davis. Harold Lloyd's petite wife. With her is an equally petite Pekinese, who is to share the honors in her forthcoming production of Grand-Asher.

We were afraid we were going to lose Mildred from the screen altogether for a time, as friend husband was "agin" her working in the movies now she has annexed the dignity of a matron. But Harold (I should say Mr. Lloyd only I was afraid you would not know whom I meant) did not figure on the persuasive methods of directors and movie fans, to say nothing of the fun Mildred gets out of the work of making others laugh, so he finally had to give in and she has signed with Ben Wilson for Grand-Asher comedies.

Arthur Rosson, who directs Mabel Forrest and Norman Kerry in "The Satin Girl," is to direct. Miss Davis is a Philadelphia and educated at the Friends' school. She was with Metro, later with Pathe where she became a favorite with Harold Lloyd in his comedies. She is five feet tall and weighs an even one hundred pounds.

ALMOST A VETERAN

Colleen Moore, who is being co-featured with Kenneth Harlan in the "Lightnings" story, "April Showers," has played principal roles, leads or featured parts in thirty-two pictures.

HELENE DECIDES TO STAY

Stories have come to our ears that Helene Chadwick was to leave the movies and try her skill as a "realtor." Later it was reported that she had decided to still the protesting clamor by staying. We have it from her p. m. that a few of the terrors that Helene has braved for ART are sunstroke on the desert, death from supposedly blank cartridges, scalding from an enthusiastic but indiscreet geyser in Yellowstone park, eleven auto wrecks, a caved in road which cast her from her horse into a swift stream, and a mad dog! And still Helene "decides to stay."

SPORTSMEN ON DRIVE FOR GAME RESERVES

(By The Associated Press)

CHICAGO—If a national bird, game and fish preserve is made of approximately 14,000 acres of bottom marsh lands of the upper Mississippi river, now advocated by business men, conservationists, sportsmen and the Izaak Walton League of America, one of the greatest breeding grounds in the United States will be founded, according to Will H. Dig, president of the league.

The 300 miles of land stretching from Lake Pepin, Minnesota, to Rock Island, Illinois, on the south constitute the most prolific spawning grounds for all warm water game and food fishes. Mr. Dig said as well as an exceptional breeding section for small game mammals and the greatest hatchery for birds in the country. He asserted that in 1921 nearly 24,000,000 fish were rescued from the land-locked waters of the lands of this region which the biological survey estimates at a value of \$1,200,000.

Agitation toward setting aside this section as a preserve began after a group of real estate operators proposed to dyke and drain the Winnebago bottoms of the Mississippi river lying on the Wisconsin side between De Soto and Lynxville. The war department had granted permission to drain the land when it came to the attention of the league and an appeal to the supreme court of Wisconsin temporarily held up the plan, according to Mr. Dig.

Vessels at sea, regardless of nationality may now obtain free medical advice from Danish radio stations.

SCHOOL NOTES

Willard School Notes.

Next week is Better Speech Week. School all over the United States will have good English programs. Pupils all over the United States will strive to use better English next week.

The upper grades of the Willard school have prepared good English programs for each day of Better Speech Week.

The fifth grade will give the following program Monday morning:

An English Oath—Gene Bedford
Do Not Say—B-5 Pupils.
Reading—Johnson Bennett.
Play—A-5 Girls.
Speech, "My Language"—Jack Smith.

The wedding of Mr. Plural Subject and Miss Plural Verb.

The pupils of the drawing department have been making Good English posters this week.

The pupils enjoyed the Halloween party last Wednesday evening. The basket ball girls played a practice game with the Training school last week.

The game was well played by both teams.

Sevelta Dickett, Mary Ruth Lisette, and Elizabeth Haney were out of school this week, on account of sickness.

Much interest is being shown in the spelling contest between the girls and boys of the fourth grade. The contest will close December 1st.

Robert Shaw and Wilbur Thomas have made perfect grades every day this term.

The choruses are progressing nicely under the supervision of Miss West.

German Honor Quakers

(By The Associated Press)

BERLIN, Nov. 2.—In recognition of the relief work performed in Germany by American and English Quakers during the last three years half million children throughout the country recently joined in a celebration in honor of Quakers. The latter undertook to feed undernourished children, and while they are still carrying on some of their work in 1,600 places in Germany, the greater part of their activities has been taken over by German organizations.

Less Swiss Cheese for U. S.

(By The Associated Press)

BERNE—Swiss exports to the United States from the consular district of Berne, mostly cheese and watches, amounted in September to 7,716,984 francs, or about one million less than for the preceding month. Embroidery exports from St. Gall district reached three million francs in September or three quarters of a million less than the same month last year.

Encouraging Prospects

For opening a big oil pool almost within the City limits of Ada. The well of the City-Lake Petroleum Company is now drilling at 1,735 feet and this well has shown up as well as any oil well ever drilled in this county. In order to carry this test to 2,500 feet or more it has been decided to sell

100 SHARES AT \$20 EACH

and here are some of the reasons the citizens of Ada should take an interest in this well:

1. We all think that there is an oil field around Ada but the only way it will be opened soon is by Ada people and Ada money.
2. An oil well as close to the city as this one would put new life into business and every line of business would soon be humming.
3. The City of Ada owns 100 acres of land within a short distance of this test and if an oil field should be developed here the city would soon be receiving a large income from this land.
4. We think that every citizen of Ada could well afford to invest in one share at least in this company as the indications for bringing in a good well are exceptionally fine.

SCHOOL LEADERS IN STATE MEET

Certificate Restriction Now
Before Conference for
Approval.

(By the Associated Press)
NORMAN, Okla., Nov. 2.—High school principals and superintendents of Oklahoma schools opened their high school conference here today at the University of Oklahoma with addresses by Dr. A. D. Yokum of University of Pennsylvania and Dean A. L. Squire of the Cleveland school of education on the program. The conference lasts two days.

One of the questions expected to be clarified at the present session is the status of normal training certificates which have been issued in the past by high schools. Normal schools are sufficiently well equipped to care for all applications for such work, it is believed, and limitations will probably be added to the high school curriculum along that line.

Heretofore certificates have been issued by selected high schools of the state, carrying a permit to the holder which automatically invalidates its authority at the end of two years. If present plans are favorably acted upon by the conference, such records will be issued by high schools in the future only to post graduate students, it was stated. Any students desiring to take such work would be required to study it at the fifth year at high school, or attend a state normal.

Problems of general administration of high schools are to be discussed by speakers. Group meetings for more detailed attention to special matters have been arranged and placed under the charge of specialists, sectional meetings have been so arranged as not to conflict with the hours of the general sessions whenever possible.

Sectional meetings are divided into the following groups: high school (two meetings) administrative, science, modern language, history, mathematics, English, public speaking, home economics, high school normal training, consolidated high school, dean and advisors of women, religious education and school board sections.

General sessions of the conference, in addition to the addresses of visiting speakers, will be entertained with music by the university school of fine arts, a chorus from the fine arts school and a concert by its orchestra.

President Bradford Knapp of A. & M. College, Dean Suhrie and Dr.

Employers Outline Basic Principles Of Success In Business Channels

(By the Associated Press)
CHICAGO, Nov. 2.—Honesty, integrity and faithfulness, character, love of employer, ambition, personal neatness and unlimited co-operation, are the chief qualities boys and girls should cultivate in school in order to become successfully fit for the business world, according to expressions of more than a score of Chicago's biggest business men and employers who were questioned on the subject by the Association of Commerce. They almost all said that a high school education is sufficient to the attainment of the highest success, "provided the study in school is applied correctly to the purpose of the future."

Extracts from some of the answers follow:

"The fundamentals of a successful business life should not be measured in dollars and cents, but in achievements," said J. E. Gorman, president of the Chicago, Rock Island and Pacific railroad. "Honesty, loyalty and ambition may be stated as the basic principles. Personality sometimes goes a long way, but personality without the requisite knowledge does not carry a young man to that height that he would attain by a complete mastery of the subject in hand."

"Cultivate and form the habit of trying to see the best side of your associates and fellow workers; avoid and suppress the habit of knocking and disparaging others; cultivate neatness, tidiness and cheerfulness, courtesy and respect for those in authority," says W. W. K. Sparrow, vice-president, Chicago, Milwaukee and St. Paul railroad.

"Take advantage of each opportunity that presents itself daily in your student associations; hold on to every problem until you get the solution; make the most of the opportunity and you cannot fail to find a measure of success and satisfaction, limited only by the amount of intelligent effort which you put into your work," writes Albert H. Dyon, industrial relations branch, Western Electric Company.

"The gate of opportunity is wide open to every young person who is in real earnest and is in the line of work most interesting to him; executives are in constant search for steady-going young people with ideas and ability to demonstrate their value," Elbert G. Drew, secretary, Illinois Bell Telephone Company.

Yokum are the principal speakers today. Dean Suhrie is to make two addresses tomorrow and other speakers will be Dr. Yokum, Supt. P. P. Claxton of Tulsa and State Supt. M. A. Nash of Oklahoma City.

SAYS CHAPLAINS ASSIST HOSPITALS

Religious Leaders in Hospitals
Sounded as Help to
Afflicted.

(By the Associated Press)
MILWAUKEE, Wis., Nov. 2.—Hospitals should increase their efficiency by making definite provision for the presence of one or more religious leaders in the institution to visit the sick and to conduct chapel services, said the Rev. William E. Donaldson of Chicago, chaplain in the Cook county hospital representing the Christian Endeavor societies, in an address today before the American Hospital association, in convention here.

"Spiritual ministry turns the thoughts of patients to God and away from themselves and their illness," Rev. Mr. Donaldson asserted. "When persons become sick a large number are prone to become discouraged. With insufficient courage to endure stress and strain, the chances of recovery for the patient are uncertain, because his mental condition keeps him from responding as fully to the efforts of physicians and nurses as would be the case if all fret and worry could be eliminated."

"Religion should have a definite place in the conduct of every hospital, for hospitals can and do perpetuate the work of Christ." The hospital as it is known today bears a complex relationship to the lives of the people in its neighborhood, "more complex perhaps than even the school or the church as rich and poor alike are its beneficiaries," said Miss Mary A. Baker, of Bennington, Vermont, in another address.

"There can be no community work worthy of the name unless the community itself is alive to the existence, needs and advantages of its hospital," she declared.

Miss Minnie Goodnow of the Children's Hospital, Washington, D. C., urged physicians and nurses to study the patient's psychology. "Getting the patient's viewpoint is the key of success," Miss Goodnow said. "This is not easy but must be striven for. The Golden Rule is ideal but is not workable without imagination. Only a constant reminder of 'How would you like it yourself' can assure us of being able to render satisfactory service."

The subject of safe investments for endowed funds was discussed by the trustees.

D.W. GRIFFITH presents "THE WHITE ROSE"

About a Girl Who Couldn't Stop Loving

She loved life, she loved love, and then she loved the Boy. And her love was big enough to dare all, to suffer all, to embrace all, never faltering, never weakening.

A Billion Dollars Worth of Humanity

In a picture as big as a woman's love—the great, enduring love that will not weaken, will not doubt—a story that leaves you with a warm glow in your heart—uplifting and bringing sweet ecstasies—a story that brings a smile to your face, tender memories, hopes, a far richer outlook.

The Love Story of a Boy and a Girl

Alert and stinging with the high pounding pulse of real life. A story as big as a woman's love—and her fall. It makes you forget—forget yourself and the world. You forget the theatre and the screen—forget the pictured players. You live the story.

The Glorification of a Woman's
Eternal Love

CANNONADING THE TOWN WITH FURNITURE BARGAINS

IN OUR STOCK REDUCING SALE

We find ourselves greatly over-stocked with Bedroom Suits, Living and Dining Room Furniture, also Wilton and Axminster Rugs.

As a matter of fact we have on hand more Household Furniture of every description than the regular course of business would require, for the remainder of the Fall season—even until Christmas.

Therefore, we have decided to reduce our stock by cutting prices to the very lowest. The price on nearly every article is cut 25% and in some instances 33 1-3%. It would be impossible for us to name every piece of Furniture we have in stock.

BELOW ARE THE PRICES ON SOME OF THE ARTICLES

10-piece very high grade dining room suite in American Walnut, Regular price \$700, now **\$465**

8-piece high grade Dining Room Suite, American Walnut, dull finish, Regular price \$300, now **\$225**

8-piece Dining Room suite, American Walnut, Regular price \$200, now **\$150**

8-piece American Walnut Dining Room suite, Regular price \$150, now **\$112.50**

Karpen & Bros. high grade cane-back Living Room suites, regular price, **\$187.50**

Very high grade overstuffed, Living Room suite, Regular price \$300, now **\$225**

American Walnut Bed Room Suite Regular price \$200, now **\$150**

High grade Bed Room suite, American walnut, Regular Price \$300, now **\$225**

High grade Birds-Eye Maple Bed Room suite, regular price \$300, now **\$225**

Highest grade Wilton Rugs, 9x12, Regular price \$175, now **\$131.25**

Wilton Rugs, 9x12, regular price \$125, now **\$93.75**

Seamless Axminster Rugs, 9x12, regular price \$50, now **\$37.50**

Seamed Axminster Rugs, 9x12, regular price \$45, now **\$33.75**

Best grade Gold Seal Congoleum Rug, 9x12, Regular price \$18, now **\$13.50**

As we have said above it is impossible for us to name every article, but the same cuts apply to every thing in the house. On beds, springs and mattresses, on stoves and heaters, on chairs and rockers, comforts, blankets, pillows, cedar chests, parlor and table lamps, kitchen cabinets, office furniture.

TERMS AT THESE PRICES ARE STRICTLY CASH

WHEAT REGIONS OF CANADA EXCEED LAST RECORD YIELD

WINNIPEG, Manitoba, Oct. 30.—The total wheat crop of the Canadian provinces of Manitoba, Saskatchewan and Alberta is estimated by government officials at 425,503,169, an increase of 50,000 bushels over the record 1922 yield. The three provinces now produce approximately 95 percent of all wheat grown in the Dominion officials said.

Forty-five and 50 bushel yields were reported in a number of areas while in others the run was 60 bushel and more than 90 percent of it graded No. 1 hard.

The oats yield in the prairies was placed at 386,825,295 bushels. Other grain crops were estimated as follows: barley, 61,540,140 bushels; Rye, 24,376,560 bushels, and flax, 7,193,026 pounds.

PONCA CITY, Nov. 1.—Completion of the Ponca City-Newkirk road within a few days is expected if weather conditions permit construction work to continue. A six mile stretch is virtually finished except for an underpass.

FOOD MENU NOW GOAL FOR BOARD

State Board of Health Now Seeks Regulation on Eating.

(By the Associated Press)

OKLAHOMA CITY, Okla., Nov. 2.—Take the same care in selecting your food as you do in selecting your clothes and you will be surprised at the difference in your weight, cautions the Oklahoma State Board of Health. "Your normal eating inclinations may not be an indicator of what is best for your system," says a discussion entitled "Proper food" just issued.

Five groups of foods are listed under heads of (1) mineral and acid class; (2) proteins; (3) starches; (4) sugars; (5) fats. Fat persons are advised to select foods from two classes and eat sparingly from the other three. Another recommendation is counselled for thin persons.

"Proper food is not a question of quantity of even price" the health department asserts. "Many of the most valuable foods are not high priced nor in the luxury class. Foods containing vitamins should be in every diet. They produce health and growth. They are milk, butter, yoke of eggs and leafy vegetables such as spinach, cabbage and lettuce, fresh fruits and whole grains."

Overweight persons, the health department advises, should eat plentifully from groups number 1 and 2 given below sparingly from groups number 3, 4 and 5.

Thin persons should specialize on starch, sugar and fat-forming foods and protein foods, always remembering that group number 1 is a regulator, says the article.

Group 1: The mineral and acid class, the body regulators, including lettuce, spinach, peas, string beans, tomatoes, turnips, carrots, cabbage, onions and fruits.

Group 2: The protein class, the tissue builders, including lean meats, poultry, fresh oysters, milk, cheese, dried vegetables, cocoa nuts, custards and ice cream.

Group 3: The starch class, that gives heat and energy, including flour, meal mixtures, bread and crackers, macaroni, rice, tapioca, cereal breakfast food and potatoes.

Group 4: The sugar class, that gives heat and energy, including honey, preserves, jellies and dried fruits, candy, sugar and frozen foods.

Group 5: The fat class, that gives more heating per quantity than sugar or starch, including butter, cream, lard, salt pork, bacon, chocolate and vegetable oils.

LATA

On account of the rains the roads of this community are in bad shape.

The singing convention at this place was a great success. We had the privilege of entertaining visitors from the adjoining communities and from all over the county and state. We gladly welcome these visitors to our community at any time they can be with us. We were more than pleased to have with us on Saturday night the Vaughan quartet from Jacksonville, Texas, who sang a number of good selections. Sunday afternoon we were favored with a number of special selections by the Vaughan quartet and by the quartet from the Christian Church at Ada. We shall not forget these wonderful quartets soon.

A large crowd attended the concert singing at this place Monday night given by the Vaughan quartet. Mr. and Mrs. Henry, Mr. and Mrs. Wood and Mr. and Mrs. Pitts attended the Nazarene convention at Ada Friday night.

Vendetta, Juanita and Addie Smith, Mabel Payne, Retha and Mrs. Anderson spent the day Friday with Mrs. Laughlin and family. Mr. Whiteaker and family are thinking of moving to California as crops are gathered. We regret very much to see them lay our community.

Sunday school, B. Y. P. U. and prayer meeting did not meet this week on account of the rain. Every one come to Sunday school next Sunday and bring some one with you.

JOB HUNTERS IN STATE PRESSING

Increased Applications for Jobs Noticed in Labor Bureaus.

(By the Associated Press)
OKLAHOMA CITY, Okla., Nov. 1.—An early indication of winter unemployment finds expression in the increased number of applications for work registered in the last weekly report of the U. S. Department of Labor, cooperating with the state labor bureau.

Registrations jumped during the week, with the number of men seeking employment far in excess of the number of women, compared with figures for the immediately previous weeks. The total male registrations for the week, according to compilations of the Enid, Muskogee, Tulsa and Oklahoma City offices, was 820. Three hundred thirty-four women applied to the labor bureau offices during the week.

Of the men, the department records show 687 reported placed and 133 not placed for various reasons. The number of help wanted calls for the week ran to 759. Many of the calls were for cotton pickers and some of them for pickers in large numbers. Cold weather brought a drop in calls, however.

There is no special need for hurrying cotton picking in the state, it is pointed out, cotton having been picked in Oklahoma as late as January in some instances. Women applicants for employment, according to registrations at the four offices, outnumbered the calls received for domestic, clerical and industrial or professional help by 57. All but 16 were reported placed.

Okla. City received more unskilled registrations than all the rest of the state combined combined for the week, 408 men applying for employment here, compared with 134 at Tulsa, 151 at Muskogee and 57 at Enid. Tulsa took care of a larger number of women applicants than any other state office, the figures being 174 at Tulsa, 102 at Oklahoma City, 40 at Muskogee, and 12 at Enid. Negro women form a large part of the Tulsa office's applicants and the first two days of each week are devoted almost exclusively to calls for domestic help.

An absence of clerical and professional applications for work was noted in the report. There were 1, 154 registrations, largely of unskilled men laborers and domestic women workers, and only two of the applicants were seeking clerical or professional work. Both of these were women and both applied in Oklahoma City.

Seventy skilled workers in the state applied for employment during the week, 28 at Oklahoma City, 27 at Tulsa, 9 at Muskogee and 6 at Enid.

Gigantic Maneuvers From Warlike Methods of Navy Purpose of Demonstration

LOS ANGELES—The greatest and most spectacular peace time naval engagements ever "fought" will be staged early next year off Panama and in the Caribbean Sea, according to naval plans announced here. Practically the whole effective marine fighting force of the United States will be represented in the three months of maneuvers designed to test revolutionary developments in strategy and implements of naval warfare since the close of the world war.

Plans for this vast war game have been in preparation for weeks in conferences here and at other points on the Pacific Coast. These conferences, under direction of Admiral Robert E. Coontz, command-in-chief of the United States fleet, were marked by the gathering and consultation of the largest number of commanding executive officers of naval establishment units that has occurred since the war.

Major problems in the complete scheme of a war enter into the plans for the winter maneuvers. These embrace attack upon land defenses, with army units participating, that is a naval fight against an army defending a fortified coast; defensive and offensive actions by army and naval units against naval units along the coast; defensive and offensive actions at sea between naval units, with the full utility of undersea and air units.

There will be aerial battles, undersea battles, destroyer, fast cruiser and dreadnaught engagements, as well as landing battles in which a complete force of marines will be involved, divided into infantry, artillery, engineer, aviation and signal corps branches of that arm of the naval establishment.

New scouting cruisers, fastest naval vessels afloat, and the sixteen-inch gun dreadnaughts, will participate among the 150 naval craft that will make up the units in these war games.

The Pacific fleet, known as the United States battle fleet, will leave this coast about January 4. This embraces the battleship divisions, the destroyer squadrons, submarine divisions, aircraft divisions and fleet base force. Joint exercises with the army while approaching the Panama side of the canal are planned, after tactical exercises between units of the naval force while steaming off the Mexican and Central American coast.

These units will probably remain at Panama for two or three days, refuel with fuel, transit the canal and head for Culebra. This force is under command of Admiral S. S. Robinson.

The Atlantic forces, known as the scouting fleet, will leave the east coast at the same time the Pacific units leave here, and upon reaching Panama will engage in a combined war game with the Pacific units. The scouting fleet consists of battle ship divisions, destroyer squadrons, air squadrons, train forces and a control force and is under command of Vice Admiral N. A. McCully.

Admiral Robert E. Coontz will be in active command of the winter maneuvers.

After the naval engagements worked out by the combined fleet the war craft will produce together for a series of combined tactical exercises using Culebra as a base from which to operate. In these exercises will be utilized some new effective developments in strategy.

Among the more important features of the maneuvers will be the part played by radio, not only for communication, but in location of the enemy. Vast strides have been made in the development of the radio telegraph, radio telephone and radio directional facilities of the naval establishment. This being the nerve center of the units when in operation, its development is of deep interest. A very important part of the communication and directional work, and of particular value in the spotting and direction of fire is the operation of naval aircraft using radio telephone and telegraph. Of equal importance is the development in the fleet defensive apparatus for protection against the air, and these improvements will feature the maneuvers.

During the latter part of February there will be a recreational period extending into March, when vessels of the Pacific units probably will visit ports on the eastern coast of the United States and Atlantic units will visit the West Indies and gulf ports.

The fighting craft will reassemble at Culebra in March and conduct tactical exercises until April 14, when the major war problems of the combined units will have been worked out and the forces disperse, returning to their bases for the summer programs. The battle fleet and base force will reach Panama about April 19, and arrive at San Pedro about May 5.

Some thirty-five thousand officers and men will participate in the maneuvers, and during the recreational period the athletic championships of the navy will be determined.

Get a Filling of Gasoline Free

Each day for the next several days we will take the number of two cars on the streets of Ada and write those numbers on a blackboard before our garage.

The owner of any car represented by these numbers can get a filling of gasoline free. There is no obligation on your part, and you will not know each day whether your number is on unless you drive to the garage to see. Watch the blackboard every day. The numbers will be placed before 9 o'clock and will remain on the rest of the day.
